ADMISSION REQUIREMENTS

A. Admission of First-time College Students

Applicants who have not previously attended any regionally or Council on Occupational Education accredited postsecondary institution will be designated a first-time college student or “native” student.

1. Admission to Courses Creditable Toward an Associate Degree:

   To be eligible for admission to courses creditable toward an associate degree, a first-time college student must meet one of the following criteria:
   a. The student holds The Alabama High School Diploma (standard or advanced), the high school diploma of another state equivalent to The Alabama High School Diploma, or an equivalent diploma issued by a non-public regionally and/ or state accredited high school; or
b. The student holds a high school diploma equivalent to The Alabama High School Diploma (standard or advanced) issued by a non-public high school and has passed the Alabama Public High School Graduation Examination; or
c. d. The student holds the Alabama Occupational Diploma, the high school diploma of another state equivalent to The Alabama Occupational Diploma, or an equivalent diploma issued by a non-public high school, and has achieved a minimum ACT score of 16 or a total score of 790 on the College Board’s SAT; or

A student who meets one of these criteria will be classified as “Degree-Eligible.” Shelton State Community College may establish additional admission requirements to specific courses or programs when student enrollment must be limited or to assure ability to benefit. Admission to the College does not necessarily assume the applicant is eligible for enrollment in restricted programs.
NOTE: Students are not required to submit an ACT or SAT score for admission. However, to be eligible for an academic scholarship, an ACT or SAT score must be submitted.

2. Admission to Courses Not Creditable Toward an Associate Degree
Shelton State Community College, as mandated by the State Board of Education, has an open door policy. The College admits students without a high school diploma or a GED certificate into certain programs and courses not creditable toward an associate degree when the student demonstrates an ability-to-benefit prior to enrollment. Students admitted under these provisions will be classified as “Non-Degree-Eligible” students.

a. Students without a high school diploma or GED certificate who wish to enroll in designated Ability-to-Benefit programs and courses must take an Ability-to-Benefit test. An independent tester administers the Ability-to-Benefit test to determine if the student can enter one of the designated programs. The student must achieve a minimum score to enter one of the designated Ability-to-Benefit programs.

b. Students who hold the Alabama Occupation Diploma are not required to take the Ability-to-Benefit test and are able to enter one of the designated Ability-to-Benefit programs. Ability-to-Benefit programs are as follows:

   i. Automotive Body Repair
   ii. Barbering
   iii. Carpentry
   iv. Commercial Food Service

4. **Conditional Admission of First-Time College Students**

Eligible applicants who do not have on file an official transcript from the high school attended or an official GED certificate may be granted conditional admission. Students who graduated from a non-accredited school or received the Alabama Occupational Diploma may not be conditionally admitted without proof of a score of 16 on the ACT or equivalent score on the SAT. Title IV (Pell Grant) recipient's aid will not be posted until admission and financial aid files are complete.

**No student will be allowed to enroll for a second term unless all required admissions records have been received by the College prior to registration for the second term. If all required admissions records have not been received by the College prior to issuance of first semester grades, the grades will be reported on the transcript, but an official transcript will not be released until receipt of all required admissions records.**

Note: For purposes of admission, The Alabama High School Diploma (with or without Advanced Academic Endorsement) shall be defined as an award officially entitled “The Alabama High School Diploma” made to a student as the result of successfully completing all requirements for graduation from high school in the state of Alabama.

B. **Admission of Transfer Students**

Applicants who have previously attended another regionally or Council on Occupational Education accredited postsecondary institution will be considered a transfer student and will be required to furnish official transcripts of all work attempted at all said institutions. The College may also require the transfer of student documents required of first-time college students.

Transfer students who meet requirements for admission to courses creditable toward an Associate Degree will be classified as “Degree-Eligible” students. A transfer student who does not meet these requirements will be classified as a non-degree-eligible student. Degree-eligible students should request that their transcripts be evaluated for courses that would apply toward an associate degree by contacting the Office of Admissions and Records.

Applicants who have been suspended from another institution for academic or disciplinary reasons will not be considered for admission except upon appeal.

1. **Unconditional Admission of Transfer Students**

   a. A transfer student must have submitted to the College an application for admission and official transcripts from all regionally or Council on Occupational Education accredited postsecondary institutions attended and, as designated by the College, any other documents required for first-time college students.

   b. Applicants who have completed the baccalaureate degree or higher degree will be required to submit only the transcript from the institution granting the baccalaureate degree or higher degree.

**NOTE:** If the student intends to obtain a degree from Shelton State Community College, transcripts from all institutions may be required for an evaluation prior to graduation. If the student intends to register for courses requiring prerequisites that have been fulfilled at another institution other than the one granting the degree, transcripts from those colleges or universities must be submitted for evaluation.

2. **Conditional Admission of Transfer Students**

Transfer students who do not have on file official transcripts from all postsecondary institutions attended and any additional documents required by the institution may be granted conditional admission.

Students who do not have transcripts on file at the time of registration and are enrolling for a course which requires a prerequisite must present a transcript or grade report to satisfy prerequisite requirements for these courses.

**No student will be allowed to enroll for a second term unless all required admissions records have been received by the College prior to registration for the second term. If all required admissions records have not been received by the College prior**
to issuance of first semester grades, the grades will be reported on the transcript, but an official transcript will not be released until receipt of all required admissions records.

3. General Principles for Transfer Credit

a. Transfer credit will be evaluated and recorded by the Registrar in the Office of Admissions and Records for Transfer Credit in the Registrar’s Office. The priority for evaluating transcripts will be: presently enrolled degree-seeking students, presently enrolled students, and student requests.

b. Transfer students with a complete admission file will receive a letter detailing the amount of credit that is accepted by the end of their first semester of attendance. The admission’s file consists of a completed application form and transcripts from all postsecondary institutions attended by the student.

c. Coursework transferred or accepted for credit toward an undergraduate program must represent collegiate coursework relevant to the formal award, with course content and level of instruction resulting in student competencies at least equivalent to those of students enrolled in the institution’s own undergraduate formal award programs. In assessing and documenting equivalent learning and qualified faculty, an institution may use recognized guides which aid in the evaluation for credit. Such guides include those published by the American Council on Education, The American Association of Collegiate Registrars and Admissions Officers, and the National Association of Foreign Student Affairs.

d. A course completed at other regionally or Council on Occupational Education accredited postsecondary institutions with a passing grade will be accepted for transfer as potentially creditable toward graduation requirements.

e. A transfer student from a collegiate institution not accredited by the appropriate regional association or Council on Occupational Education may request an evaluation of transfer credits after completing fifteen semester hours with a cumulative GPA of 2.0 or above.

f. A transfer grade of D will only be accepted when the transfer student’s cumulative GPA is 2.0 or above. If the student has a cumulative 2.0 or above, the D grade will be accepted the same as for native students.

g. Credit may be extended based on a comprehensive evaluation of demonstrated and documented competencies and previous formal training.

h. International students must obtain from Educational Credential Evaluators, Inc., P.O. Box 17499, Milwaukee, WI 53217, an English translation of their transcript and a detailed report outlining recommendation for the awarding of credit in order for their foreign credits to be evaluated by Shelton State Community College. Forms may be obtained from the Office of Admissions and Records at the Martin Campus. Each student is responsible for the cost involved in obtaining the evaluation. The criteria for awarding credit from these institutions will be the same as for other institutions within the United States.

4. Initial Academic Status of Transfer Students

a. Transfer students whose cumulative grade point average at the transfer institution(s) is 2.0 or above on a 4.0 scale will be admitted on Clear Academic Status.

b. Transfer students whose cumulative grade point average at the transfer institution(s) is less than 2.0 on a 4.0 scale will be admitted only on Academic Probation. The transcript will read Admitted on Academic Probation.

c. Applicants who have been academically suspended from another regionally accredited postsecondary institution may be admitted as a transfer student only after following the appeal process established at this institution for native students who have been academically suspended. If the transfer student is admitted upon appeal, the student will enter the institution on Academic Probation. The transcript will read Admitted upon Appeal-Academic Probation.

C. Transient Students

A transfer student who attends another postsecondary institution and who seeks credit for transfer to that parent institution may be admitted to the College as a transient student. The student must submit an application for admission and an official letter from the institution which certifies that the credit earned at the college will be accepted as a part of the student’s academic program. Such a student is not required to file transcripts of previously earned credits at other postsecondary institutions. Students must submit a transient letter (e.g. Letter of Good Standing, course approval letter, etc.) to the office of Admissions and Records prior to, or within, the semester in which he/she has registered. Any transient student that fails to provide appropriate prerequisite information may be administratively withdrawn and no refund will be provided.

D. High School Students

There are two programs in which high school students may be concurrently enrolled at Shelton State Community College to earn academic or career/technical college credit: Accelerated High School Students Program and Dual Enrollment/Dual Credit for High School Students Program.

1. Accelerated High School Students

Shelton State Community College offers eligible high school juniors and seniors the chance to enroll in college classes concurrently with high school classes. High School students who enroll through this status will receive college credit only. Credit will be awarded upon the student meeting all requirements for high school graduation. Students are eligible for the Accelerated High School Program if they meet the following criteria:

a. The student must have successfully completed the 10th grade.
b. The student must be at least 16 years of age.

d. The local principal or his or her designee must certify that the student has a minimum cumulative B average and recommend that the student be admitted to this program. A letter must be submitted each semester that the student attends the College prior to enrollment. Exceptions may be granted only by mutual consent of the high school and Shelton State Community College.
e. Shelton State Community College will not officially award college credit to accelerated high school students until proof of high school graduation (an official transcript with a graduation date) is provided.
f. Exceptions may be made to requirements one and two above for students documented as gifted and talented according to the standards included in the State Plan of Exceptional Children and Youth. Permission must be obtained from the Chancellor of the Alabama College System.
g. Students who attend a non-accredited high school must meet additional criteria as listed below:
   i. comply with items a, b, c, and d as noted above; and
   ii. provide ACT scores with a composite of at least 16 or a SAT score of 790.

   Students who are home schooled are not eligible for the Dual Enrollment Program unless they are under the auspices of a cover high school that has entered into an agreement with Shelton State Community College and can provide proper documentation of all items noted above.

   Determination of the equivalencies of Shelton State Community College course work toward high school graduation requirements is at the discretion of the high school system. Typically, one 3-semester hour course is equated to one-half unit of high school credit.
