What is STARS?

STARS, the Statewide Transfer/Articulation Reporting System, is a web-accessible database system which provides guidance and direction for prospective transfer students in the State of Alabama. The STARS System allows public two-year students in Alabama to obtain a Transfer Guide/Agreement for the major of their choice. If used correctly, the guide prevents loss of credit hours upon transfer to the appropriate public four-year university in Alabama.

To print a STARS Transfer Guide, visit http://stars.troy.edu. Students should print two copies of the transfer guide. Students must retain a copy for personal records and bring a copy to all advising and registration sessions. The following is a listing of courses offered at Shelton State for Areas I-IV.
