As a company, we are excited to open in the Tuscaloosa market. For the people interested in joining our growing company, the application process is done online at www.rossstores.com.

Once on the website, the candidate will select the career tab at the top. Once there, they will select "job search" on the left hand side of the web page. The applicant will need to select "search hourly positions available (in blue)" to search by proximity to their current location. Once they have selected the Tuscaloosa store, they will fill out the application and complete a brief assessment.

There are three open requisitions: Retail associate, Store Protection Specialist, and Area Supervisor. When they click on the Job, they will get the job detail and they will be able to determine if they meet the qualifications. To select the job(s) they are interested in applying for, the candidate should check the box next to the job they are interested in and select next down at the bottom.
