Position Description:

This is sub-professional engineering work in the field or office. Employees in this classification follow standard procedures in documenting construction projects and inspecting job activities to verify they are in compliance with project plans and specifications. The inspector will be responsible for completing a daily report documenting the labor and equipment used by the contractor to include a description of the work performed and any pertinent conversations with the contractor. The inspector will assist with office work such as plotting cross-sections and computing earthwork quantities. The inspector will report directly to the Senior Inspector and/or the Project Manager.

Duties:

1. Inspect work in progress to ensure conformance with plans and specifications
2. Inspect workmanship of finished installations for conformity to standards
3. Maintains required reports of construction inspection activities
4. Prepares sketches of construction installations that deviate from plans and incorporates changes into master plans
5. Inspects and test materials incorporated into the project
6. Drive company vehicle safely to and from work sites
7. Maintains required reports of construction inspection activities
8. Conduct all work activities in compliance with Thompson Holdings, Inc. Health, Safety & Environmental Management System, safety policies & procedures, safety execution plans and Job Safety and Environmental Analyses
9. Attend and pro-actively participate in monthly safety meetings, project toolbox safety meetings and safety moments
10. Ensures regular and on time attendance

Qualifications: Minimum Requirements:

1. High school diploma or equivalent
2. Valid Driver’s License
3. Intermediate math and geometry skills in order to calculate areas, volume, etc.
4. Background in survey preferred

Physical Requirements:

1. Ability to work in the outside elements of the field up to 100% of the time
2. Must be able to lift a minimum of 50 lbs
3. Required to remain standing for a minimum of eight (8) hours per day
4. Must be able to bend, stoop and climb on a ladder
5. Must be able to communicate verbally and in writing
6. Must be able to drive a company vehicle to and from work sites
7. Stand, walk and balance in irregular and uneven terrain and pavements, concrete, grass, dirt and gravel

Note to Career Centers: This job information has been posted with joblink.alabama.gov under job order number 1575193, and with mdes.ms.gov under job order number 123062. Please use these job orders for your referrals.
