NEW THIS SUMMER!
LEGO® ENGINEERING
FOR GRADES 1-8

Call 205.391.2323 for more information or to request a brochure on this exciting new program or visit sheltonstate.edu
Quality academic experiences for students beginning with those who have completed pre-kindergarten are available through KIDZ KOLLEGE.

Enrollment is limited to twelve students per class. Each of the twelve sessions will last for 1½ hours and provide stimulating interaction for exciting learning results.

Pre-registration is required. A minimum enrollment of five students is necessary for each class to be held.

Students are placed in the appropriate class based upon their level of education. Parents are asked to provide SAT scores, Star & Early Literacy test results, or other testing results to help instructors identify the skills that need reinforcement.

Pre-registration along with a payment of $155 per child per course is required. Discounts are available for multiple registrations. All materials and fees are included in the cost of tuition.

COURSE DESCRIPTIONS

PRE-KINDERGARTEN  Ages 4-5
Designed for children entering kindergarten, this class focuses on preparation for reading and fundamental math concepts.

KINDERGARTEN MATH & READING  Ages 4-6
As a preparation for first grade, focus is placed on grade appropriate reading and fundamental math concepts.

READING
Grades 1-2, Grades 3-4, Grades 5-6
Children enjoy reading and related activities with concentration placed on vocabulary, reading skills, and fun with literature. At higher grade levels, appropriate skills including grammar, sentence structure, reference materials usage, and comprehension will be emphasized.

STUDY SKILLS
Grades 3-4, Grades 5-6
Concentration is placed on developing organizational skills and strengthening study habits. Topics include listening skills, following directions, outlining, tips for researching information, using reference materials, and test taking strategies.

MATH
Grades 1-2, Grades 3-4, Grades 5-6, Grades 7-8
Using games and fun activities, this course concentrates on the development of addition and subtraction skills, counting, telling time, place value, and counting money. At higher grade levels, emphasis will be placed on fractions, word problems, multiplication, division, and preparation for more advanced math functions.

ALGEBRA PREP  Grades 8-9
Students preparing to take Algebra I benefit from this course which reviews the skills needed for success in algebra. This course also helps students prepare for the high school exit exam.

GEOMETRY/ALGEBRA II PREP  Grades 9-10
Students preparing to take geometry benefit from this course which reviews the skills necessary for high school geometry. Students taking Algebra II benefit from this course reviewing the skills and concepts taught in Algebra I. The course also helps in preparation for the high school exit exam.

KIDZ IN THE KITCHEN  Ages 5-7 and 8-12
TEEN CUISINE  Ages 13-16

TEEN TOTAL WELLNESS  Grades 6-9
Total Wellness entails the basic elements of a total encompassing wellness program. The physical, emotional, and mental benefits of wellness will be taught. Instructors will focus on nutrition, strength and conditioning, yoga, Zumba and tai chi.

SPANISH  Grades 3-4, Grades 5-6, and Grades 7-8
Summer is a great time for Spanish immersion and fun learning! Communication, songs, games, stories, and various play and craft activities help young students develop an interest and gain knowledge of Spanish through a natural approach to the language. Basic Spanish grammar and writing is also introduced.

DIGITAL PHOTOGRAPHY & DIGITAL MEDIA  Grades 3-4, Grades 5-6, and Grades 7-9
These photography courses have been designed to not only teach children the basics of digital photography and camera handling but also to train the child’s creative eye, focusing on the world around them viewed through the lens/LCD screen.

SPEECH /DEBATE  Grades 5-6, Grades 7-8, and Grades 9-10
This course will improve communication, research, organization, and presentation skills. Learn to disagree without getting angry, to be effective in discussions, to deal with fears of public speaking, and to think critically.

Deadline for registration is July 5, 2013
