- If possible, call 9-1-1 and provide as much information as possible about the shooter/assailant, to include sex, race, clothing worn, type of weapon used, accomplices, direction of travel and if there are any injuries.
- If barricaded, turn all cell phones to vibrate or silent so as not to alert the shooter/assailant of your location. Leave phone "ON" if in conversation with emergency responders.
- If the shooter/assailant is encountered, do not attempt to block their access to an exit.
- Try to safely escape the area if at all possible. If unable to safely escape, immediately close and lock or barricade the door with furniture, chairs and desks. ALL DOORS DO NOT LOCK SO USE BARRICADES!
- Turn off lights. Hide behind heavy furnishings, and stay away from windows and out of view.

- If the shooter/assailant approaches you, your actions will depend solely on your judgment and capabilities, and there may not always be a "single best strategy" for a direct confrontation.
- Any offensive measures taken against the shooter/assailant should be taken in unison with others in your immediate area if at all possible.
- If the shooter/assailant is attacked, COMMIT FULLY and use any available items to overtake the shooter/assailant, such as books, backpacks, chairs or even a fire extinguisher.
- If the shooter/assailant is overtaken and subdued, leave the area immediately with hands held high where oncoming law enforcement officers and other first responders can determine who you are while fleeing the area. NEVER assume that first responders know who you are just because the actual shooter/assailant is not in your area.
