Purpose for Attending Shelton State

Educational Planning is recommended for all students seeking a degree or certificate from Shelton State Community College. In order for Shelton State to provide sound advising, students must communicate their purpose or reason for enrolling at the College. Shelton State has identified the following purposes for students who attend Shelton State:

- Completing a Transfer Degree: Students who enroll with the purpose of obtaining a two-year transfer degree (AA or AS) should follow the program of study curriculum of their choice. Those who plan to transfer to a public institution in the state of Alabama may obtain curriculum plans by printing a STARS transfer guide at <http://stars.troy.edu>. Students who desire to transfer to a private college or university or an out-of-state school should contact the school to which they plan to transfer as soon as possible to obtain a list of accepted courses.
- Transfer Without Completing a Degree: Students who enroll with the purpose of taking courses before transferring to a four-year institution should contact the institution to which they plan to transfer to obtain a list of courses the transfer institution will accept. Students who plan to transfer to a public institution in the state of Alabama may obtain curriculum plans by printing a Statewide Articulation Reporting System (STARS) transfer guide at <http://stars.troy.edu>. As an additional resource, students may work closely with instructors in the particular discipline.

Such students might find fulfillment in either credit or non-credit course options.
- Transient Attendance: Students who enroll as transients (or visiting students) for the purpose of taking a course for one semester before returning to another university or college must obtain a transient letter from the home institution, which certifies that the credit earned at Shelton State will be accepted as a part of the student's academic program.

POLICIES AND PROCEDURES

It is the intent of the compilers of this handbook that it contains policies, procedures, and guidelines adopted or approved by the Alabama Community College Board of Trustees. Users are cautioned that changes in policies, procedures, and guidelines may have occurred since the publication of this material. In the event of such a change, the current statements of the Alabama Community College Board of Trustees will prevail.

STATEMENT OF NONDISCRIMINATION, GRIEVANCE PROCEDURES, AND HARASSMENT POLICY

Discrimination

It is the policy of the Alabama Community College System Board of Trustees and Shelton State Community College, a postsecondary institution under its control, that no person shall, on the grounds of race, color, national origin, religion, marital status, disability, gender, age, or any other protected class as defined by federal and state law, be excluded from participation, denied benefits, or subjected to discrimination under any program, activity, or

employment. Important information about the educational debt, earnings, and completion rates of students attending programs can be found at sheltonstate.edu/gainfulemployment. Institutions must publish their policies regarding nondiscrimination.

It is expected that persons connected with Shelton State Community College should treat all individuals with respect and dignity. As a collegiate community, the College will not support or condone behaviors violating the integrity of any individual or group. While the College respects the right of its community to exercise free speech and freedom of expression, behaviors shall not be tolerated that may be considered harassment, destruction of property, acts of violence, or the inciting of violence or disruptive behavior.

Students who believe they are victims of discrimination or harassment are encouraged to report immediately all facts and information.

- Allegations of sex, disability, age, or racial discrimination or harassment should be reported to the Dean of Student Services, Mrs. Amanda D. Harbison, at 205.391.5878 or aharbison@sheltonstate.edu. The Dean of Student Services suite is located on the first floor of the Martin Campus of Shelton State Community College.

Following the reporting of discrimination, an investigation will be conducted and corrective action, if appropriate, will be initiated. Please see the sections below entitled “How to File a Discrimination or Academic Grievance” and “How to File a Harassment Complaint,” for more information on the process and procedures for resolution of discrimination complaints.

Grievance Policies and Procedures

How to File a Discrimination or Academic Grievance

Students have the right to bring grievances to the attention of the administration. A student who has a complaint about a faculty member; administrator; staff member; student; third party; or College program, policy or procedure should report the complaint by completing the Student Complaint form or notifying the appropriate administrator. However, students with complaints regarding sexual misconduct or harassment that is sexual or discriminatory in nature should follow the procedures set forth in the Sexual Misconduct and Harassment Policies in this guide.

1. The College will issue a written notice or send an email to the student’s myShelton email account indicating receipt of the grievance.
2. The College will initiate an investigation within seven (7) business days of receipt of the grievance.
3. The investigation will be conducted in an impartial manner and will utilize an impartial decision-maker. The investigation process will allow the parties to submit evidence and witness testimony.
4. Any attempts to resolve the matter informally must be strictly voluntary and facilitated by a College staff member. The student making the complaint will be informed of the right to end the discussion at any time.
5. It is recommended, but not required, that the complaint be made in writing, describe the particulars of the allegations in detail, signed, and dated by the complainant.
6. The appropriate administrator will investigate the grievance and serve as the contact person for the duration of the investigative process.
7. Upon completion of the investigation, the parties will be provided with a written response to the myShelton email account concerning the resolution of the complaint. This communication will occur no later than thirty (30) business days from the College’s receipt of the complaint, unless additional time is required and the time of a later response is provided to the parties to the myShelton email accounts.
8. Based upon the outcome of the investigation, the College will take all steps necessary to prevent the recurrence of the discrimination and to correct the discriminatory effects on the complainant and others, if appropriate.
9. If the student is not satisfied with the College’s resolution of the complaint, or if a response was not provided as required by step seven, the student may appeal to the President of the College. Any appeal must be in writing, received by the President no later than seven (7) business days from the date of the response, and state the reason why the student is not satisfied with the College’s resolution of the complaint.

10. The President will provide a written response to the appeal within seven (7) business days from receipt unless additional time is required, in which case, the student will receive notification to his or her myShelton email account of how much additional time is needed.
11. The President's decision on the appeal is final.
12. If the complaint involves the Dean of Student Services or the Dean of Instruction and Workforce Development, the President of the College will investigate the complaint. The College will notify the student by email to the student's myShelton email account regarding the student's complaint.
13. If the complaint involves the President, the Alabama Community College System office will investigate the complaint. The student will receive a response to his or her myShelton email account regarding his or her complaint.
14. With regard to allegations of unlawful discrimination, retaliation against the student making the complaint or individuals participating in the investigation is prohibited and should be reported to the designated administrator or to the President.

Harassment Policies

Shelton State Community College is committed to an atmosphere of human dignity in which effective collegial relationships are based on mutual response. The College prohibits harassment based on race, color, religion, sex, age, national origin or ancestry, physical or mental disability, veteran status, genetic information, and any other basis protected by federal, state, or local laws.

Examples of harassment include, but are not limited to, the following:

- Verbal conduct, such as threats, epithets, derogatory comments, jokes, or slurs;
- Visual conduct, such as derogatory or offensive pictures, posters, photographs, cartoons, drawings, objects, gestures, or sending or displaying derogatory emails; and
- Physical conduct, such as assault, unwanted touching, or blocking normal movement.

In addition, unwelcome sexual advances, requests for sexual favors, or other unwanted verbal, visual, or physical conduct of a sexual nature may constitute sexual harassment or other sexual assault and are violations of this policy. (See "Sexual Misconduct Policy.")

Retaliation for reporting harassment or threatening to report harassment is also a violation of this policy, and the procedures set forth in this policy will be applied to claims of retaliation. Harassment violates a person's rights and can create an environment that is hostile, offensive, or intimidating. Due to the effect harassment can have on the campus environment, prompt and immediate action will be taken to rectify the situation.

How to File a Harassment Complaint

The College's student complaint procedure provides for a prompt, thorough, and objective investigation of any claim of prohibited harassment, appropriate disciplinary action against one found to have engaged in prohibited harassment, and appropriate remedies for any victim of harassment. A claim of harassment may exist even if the student has not lost a job or other academic benefit.

1. If a student believes he or she has been harassed or is aware of the harassment of other students, the student should report, without fear of reprisal, the alleged conduct to his or her supervisor (if the behavior is related to a campus student job and the supervisor is not the individual accused of harassment or condoning harassment) or to the appropriate administrator, as soon as possible. The report should include as much detail as possible, such as the names of individuals involved, the names of any witnesses, direct quotations if language is relevant, descriptions of any conduct or gestures, and any documentary evidence (notes, pictures, cartoons, etc.) the student may have or is aware of.
2. All incidents of prohibited harassment will be investigated as soon as possible, no later than seven (7) business days from the date of receipt of the complaint. If more time is needed, a notice will be issued in writing to the complainant. The College may take interim steps pending investigation, as appropriate. The College will conduct a thorough and objective investigation of the harassment allegations, regardless of

whether such complaints are communicated verbally or in writing. The parties will have the opportunity to submit evidence and witnesses, and the investigation will be conducted by an impartial decision-maker. The College will protect the confidentiality of students reporting suspected violations of this policy to the extent possible, consistent with its investigation.

3. The College will make a determination within seven (7) business days following the conclusion of the investigation, regarding the reported harassment; the College will communicate the determination to the student who complained and to the accused harasser(s) in a written response to the myShelton email address. The College will take appropriate action to remedy any harassment and to prevent any future harassment. If a complaint of prohibited harassment is substantiated, appropriate disciplinary action, up to and including expulsion, if the accused harasser(s) is a student, or discharge if the accused harasser(s) is a College employee, will be taken and communicated to the student who complained in a written response to the myShelton email address.
4. If a student is not satisfied with the College's resolution of his or her harassment complaint, the student may follow the appeal procedure set forth in "How to File a Discrimination or Academic Grievance" above.
5. If the behavior or harassment continues after the College has taken appropriate action to stop it, the student should report the continuing harassment as soon as possible to the appropriate administrator listed in the "Discrimination Policy."
6. Any student who makes a good faith complaint regarding alleged harassment will be protected from retaliation or student conduct charges related to the making of the complaint. Any student who is found to have made a false charge of harassment will be subject to referral to the Student Conduct System.

ACCEPTABLE USE POLICY

Policy Statement

All students of Shelton State Community College must abide by the conditions of the "Acceptable Use Policy" of the Alabama Supercomputer Authority outlined below.

OVERVIEW

The Alabama Supercomputer Authority (ASA), a state non-profit corporation (1975 Alabama Code §§ 41-10-390 to 41-10-406), administers the Alabama Research and Education Network (AREN), a statewide education network, and ASA operates the George C. Wallace Supercomputer Center. The purpose of this policy is to provide a definition for acceptable use by authorized clients of ASA services and to indicate recommended action if the policy is violated. In those cases when information is transmitted across regional networks or Internet, ASA clients are advised that

acceptable use policies of those networks apply and may limit access.

ASA ACCEPTABLE USE POLICY

ASA services are for the use of individuals legitimately affiliated with ASA clients in order to facilitate the exchange of information consistent with the academic, educational, and research purposes of its member organizations.

- It is not acceptable to use ASA services for illegal purposes.
- It is not acceptable to use ASA services to transmit threatening, obscene, or harassing materials.
- Access to the INTERNET is provided through agreements with INTERNET Service Providers. These agreements allow ASA to grant access to the INTERNET to government, education, and industrial clients. Charges may be assessed by ASA to facilitate network and Internet connectivity.
- The reselling of ASA services is prohibited unless approved in writing by ASA.
- It is not acceptable for ASA clients to interfere with or disrupt network users, services or equipment (intentionally and unintentionally) through the use of ASA services. Disruptions include, but are not limited to, unsolicited advertising, propagation of computer worms or viruses, and using AREN to make unauthorized entries to any other computers accessible via the network. ASA clients are responsible for maintaining an acceptable security status on all assets connected to AREN.
- ASA clients must respect the legal protection applied to programs, data, photographs, music, text documents and other material as provided by copyright, trademark, patent, licensure and other proprietary rights mechanisms.
- Authorized ASA clients are required to protect their attached computers, servers, and networks from computer viruses or worms that cause a systemic disruption to ASA and its INTERNET services.
- Authorized ASA clients are required to provide current and accurate client contact information to enable ASA representatives to have ready access for resolution of problems.
- Information and resources accessible through ASA services are private to the individuals and organizations that own or hold rights to those resources and information unless specifically stated otherwise by the owners or holders of rights. It is therefore not acceptable for an individual to use ASA services to access information or resources unless permission is granted by the owners or holders of rights to those resources or information.

The intent of this policy is to identify certain types of uses that are not appropriate, but this policy does not necessarily enumerate all possible inappropriate uses. Using the guidelines given above, ASA may at any time make a determination that a particular use is not appropriate.

VIOLATION OF POLICY

All organizations authorized to access ASA services are responsible for informing their users of this acceptable use policy. All users of ASA services are required to follow the acceptable use guidelines, both in letter and spirit. ASA reserves the right to monitor and review all traffic and data on ASA provided services for potential violations of this policy. Violations of policy that are not promptly remedied by individuals or ASA clients may result in termination of access to ASA services. ASA will release only sensitive, confidential, or personally-identifiable information to third parties when required by law or when, in ASA's judgment, release is required to prevent serious injury or harm that could result from violation of this policy.

Final authority for the determination of violation of the ASA Acceptable Use Policy and subsequent penalty rests with the ASA Board of Directors. It is the responsibility of ASA clients to contact ASA, in writing, regarding questions of interpretation. Until such issues are resolved, questionable use should be considered "not acceptable."

ACADEMIC MISCONDUCT POLICY

This policy applies only to those violations of the Shelton State student conduct regulations relating to academic dishonesty.

Academic misconduct includes all acts of dishonesty in any academically-related matter and any knowledge of helping,

intentionally-helping, attempt at helping, or conspiracy in helping another student commit an act of academic dishonesty. Academic misconduct includes, but is not limited to, each of the following acts when performed in any type of academic or academically-related matter, exercise, or activity.

- Cheating: the use or attempted use of unauthorized materials, information, study aids, answers of others, or electronic information.
- Plagiarism: claiming as one's own work (i.e., ideas, words, data, computer programs, creative compositions, artwork, etc.) what was done by someone else, improperly citing referenced works, using commercially available scholarly papers, failing to cite sources, or copying another's ideas.
- Misrepresentation: the falsifying, altering, or misstating the contents of documents or other materials related to academic matters, including schedules, prerequisites, transcripts, and medical or military excuses.

Whether or not academic misconduct has occurred and what classroom sanctions, if any, are to be applied are matters to be determined by the respective instructor. A student who opposes the sanction imposed by an instructor may appeal the matter to the appropriate Associate Dean.

ACADEMIC POLICIES

Statement of Academic Freedom for Students

Shelton State Community College allows faculty and students the freedom to cultivate a spirit of inquiry and scholarly criticism when discussing discipline related subjects. However, the principle of academic freedom shall not prevent the College from taking the initiative to assure the best possible instruction in accordance with the mission and goals of the college. Any instructor or student who believes that his/her academic freedom has been violated has the right to file a grievance following the College's grievance policy.

Class Attendance Policy

Registration for a class makes the student responsible for attending the class until completed unless officially withdrawn. Students are expected to attend class as scheduled. In an online course, attendance is demonstrated by a student's participation in an instructional related activity, such as submission of an instructional assignment or exam or contributing to an online discussion forum. Excessive absences and/or tardies may interfere with the student's ability to complete the course successfully. The manner in which make-up work, tests, or assignments are given for excused absences is determined by the instructor. Possible excused absences include representing the College in officially approved activities, military service, accidents, court appearances, illness of the student or an immediate family member, or the death of an immediate family member. The student must submit appropriate documentation of extenuating circumstances for an excused absence to the instructor and make arrangements for any make-up work within one week of the last day of the excused absence. It is the student's responsibility to make arrangements with the instructor to make up missed coursework. Work-related excuses, child-care issues, and/or travel are not considered excused absences. Instructors are not required to provide make-up opportunities for unexcused absences or to give additional time to students who are tardy for tests or quizzes. Attendance requirements in programs that lead to board licensure or certification may differ from this policy. Students should consult program policies and guidelines for details.

Course Syllabus

A syllabus is provided to each student enrolled in a course. The syllabus establishes the instructor's expectations, policies, procedures, course content, course schedule, and other information defining the requirements of the course for the student. Upon receiving the syllabus, students are deemed to be on notice of its contents and are assumed to understand and abide by the expectations, policies, and procedures stated therein. Students who have questions regarding the syllabus should consult the instructor or the department or division chairperson.

Grading System

Letter grades are assigned according to the following system for all courses for which students have registered.

A	Excellent	90 – 100
B	Good	80 – 89
C	Average	70 – 79
D	Poor	60 – 69
F	Failure	below 60
W	Withdrawal	
I	Incomplete	
AU	Audit	

Grading Considerations

- Grade requirements may vary in specific courses or programs. For specific information, consult the course syllabus, the department page at www.sheltonstate.edu, or the Office of the Dean of Instruction and Workforce Development at 205.391.2283.
- A grade of “W” is assigned to a student who officially withdraws from the College or from a course. Refer to the Withdrawal Process for additional information.
- A grade of Incomplete (“I”) is assigned only if the final exam or some work of equivalent significance is missed. The student must provide the instructor with documentation to support that the absence was due to extenuating circumstances. In the event an Incomplete is given, the instructor must submit to the division chair or other designees a written plan for the student to complete the work to establish the course grade. Unless extenuating circumstances exist, the grade must be established within one semester after the Incomplete was initially assigned. Once the grade is determined, the instructor will follow the official change of grade procedure. If no grade has been established prior to the end of the semester, the Incomplete will automatically be changed to an “F”.
- Non-credit College activities, such as placement testing, may appear on the student's schedule and/or unofficial transcript.

Auditing a Course

A student may audit a course rather than enroll in it for credit. Standards of performance for each class will be defined by the individual instructor. A mark of “AU” is given to denote an audit. A student auditing classes must fulfill admission requirements in accordance with the College’s catalog and meet all required course prerequisites. A student may change a course from CREDIT to AUDIT or from AUDIT to CREDIT only during the Drop/Add and Late Registration period of each semester by going to the Office of Enrollment Services.

Grade Points

To obtain a numerical measure of the quality of a student’s work, grade points are assigned to grades as indicated below:

- A — 4 grade points per hour
- B — 3 grade points per hour
- C — 2 grade points per hour
- D — 1 grade point per hour
- F — 0 grade points per hour

The grade point average (GPA) of a student is determined by multiplying the number of grade points for each grade received by the number of semester hours for that course; the total number of grade points is then divided by the

total number of semester hours attempted, excluding courses with “W” and “AU” designations.

Grade Point Average Requirement

The student must earn a 2.0 cumulative GPA in all courses attempted at the College. The calculation of the grade point average for graduation will not include grades earned in institutional credit courses. All grades in repeated courses will be averaged into the GPA; however, a course may be counted only once for purposes of meeting graduation requirements unless specifically noted in the College catalog that the course may be repeated for credit.

Satisfactory Academic Progress

Students receiving federal financial assistance must maintain satisfactory academic progress (SAP) toward completion of a degree or certificate. A student’s SAP is measured by their completion rate, cumulative GPA, and time frame. See the “Financial Aid” section of either the catalog or website for more information.

ANIMALS AT THE COLLEGE

No animal or pet may be brought on College property. Exceptions to this policy include guide dogs for the disabled, laboratory animals, animals to be used for approved instructional or special programs, and pets placed in designated pet shelters only when the Governor declares the use of the College as a hurricane evacuation shelter.

CHARITABLE ORGANIZATIONS POLICY

Shelton State Community College supports the promotion of charitable organizations serving the citizens of West Alabama. However, given the numerous charitable organizations currently existing, the College is unable to dedicate resources to assist fundraising or recognition campaigns for all requests. Therefore, the President of Shelton State Community College will determine which non-profit organization(s) the College will assist.

The organization(s) not chosen may be promoted for a limited amount of time within the College on designated display boards available to the public.

Shelton State student organizations may choose to partner with a non-profit organization as part of a service project and may request to advertise their particular service project in accordance with existing College policies for dissemination of information. Organizations wishing to be sponsored by a student organization should be referred to the Student Engagement Office.

CHILDREN ON CAMPUS POLICY

Children may not accompany students to class, tutoring sessions, student meetings, or the library.

All College activities with the express purpose of providing educational opportunities for children, such as dance programs, theatre programs, summer enrichment programs, athletic camps, and other official events sponsored by the College, must provide adequate supervision and safety of participating children.

To ensure safety, minor children should always be under the appropriate control and supervision of an adult. Children must not be left unattended or unsupervised at any time.

COLLEGE SAFETY AND SECURITY POLICY

This policy represents the comprehensive policy for all programs at Shelton State and is designed to ensure the safety of students, employees, and visitors.

Campus Security

Shelton State maintains a security force that assists in providing for the safety and security of students and employees

on all of the College's campuses. Although these security officers are employees of Shelton State, they are not State of Alabama certified police officers. These security officers work closely with the local police department to assist in maintaining a safe and peaceful environment for the students and employees of Shelton State. Students, employees, and visitors needing assistance from the Office of Security should call 205.391.2377 on the Martin Campus or 205.391.2646 on the Fredd Campus. If students, employees, or visitors require emergency assistance, they should immediately dial 911.

Hours of Operation

Normal hours of operation for the College are 7:30 a.m. to 5:30 p.m., Monday through Thursday and 8:00 a.m. to noon on Friday. College facility access and operating hours are subject to change. For specific times, visit www.sheltonstate.edu.

Crime Prevention

The College encourages all students, employees, and visitors to practice safety and personal awareness at all times. Students, employees, and visitors should report any and all incidents that may indicate potentially dangerous situations. Report all emergencies by dialing 911. For non-emergency assistance, contact the Shelton State Office of Security by calling 205.391.2377 on the Martin Campus or 205.391.2646 on the Fredd Campus.

As required by Public Law 101-542, statistics will be made available concerning crimes, such as murders, rapes, robberies, aggravated assaults, burglaries, and motor vehicle thefts occurring at any Shelton State Community College site. COMPUTER RESOURCES USE POLICY

Definitions

Computer resources are any College-owned, leased, or contracted hardware, software, network, and/or telecommunications resource. Computing resources include, but are not limited to, email, application and instructional software, network resources, local area networks (LANs), and telecommunication connectivity to external networks.

Policy Statement

All students of Shelton State Community College will follow the institutional guidelines herein established for the use of computer resources. As a condition of usage of the College’s computer resources, all users consent to the monitoring of usage. The College reserves the right to revoke access at any time with or without prior notice. Unauthorized access and any other unauthorized use may expose the individual to criminal and/or civil proceedings. All users of College computer resources are subject to the “Responsible Use” requirements outlined below.

Responsible Use Requirements

- Responsible users must avoid actions or omissions that make them or the College criminally or civilly liable to others. Under law, a user may be required to reimburse the College for any amount of money it must pay to another because of injury caused by his or her conduct. Such conduct includes but is not limited to the following:
 - Networks are a form of property-controlled agreement between providers and users. Violating such an agreement may result in consequences to the user and the College. Transmitting defamatory utterances concerning a person, organization, or institution may subject the perpetrator and the College to civil liability to pay monetary damages.
- Responsible users should avoid actions inflicting needless expense upon the College or others. Users should not

impair the operation of computers, terminals, peripherals, or networks. Nor should users do anything knowingly wasteful of computing resources, including, but not limited to, sending advertisements for commercial enterprises, sending mass mailings or chain letters, obtaining unnecessary output, maintaining unnecessarily excessive file storage, creating unnecessary multiple jobs or processes, or creating unnecessary network traffic.

- Responsible users should avoid actions destroying, endangering, or diverting another's work or writing. The College treats electronically stored information, including personal files, as confidential and permits examination or disclosure of contents only when authorized by the owner of the information or when required by local, state, or federal law. Under Alabama Code 13 A-8-102, it is a crime to transmit, change, or delete another user's files or software without permission; it is a crime to introduce destructive software, such as programs known as computer viruses, Trojan horses, or worms into any computer, computer system, or network.
- Responsible users will contribute positively to a free and open atmosphere for electronic discussion. Uses of campus email, the Internet, or networks for unauthorized purposes may be subject to criminal, civil, and/or institutional sanctions if used for such purposes as to make threats against persons or property; to provide false information about academic or administrative policies or issues; or to send offensive messages to the receiver because of pointlessly hateful, obscene, or libelous content.
- Hurtful or offensive words communicated on a network or computer system can leave a permanent record that can, depending upon content, support criminal or civil liability, damage professional reputation, or diminish one's standing in the academic or local community. Email files have been ruled to be discoverable in a court of law; therefore, privilege of confidentiality is not absolute and may be overridden by court order. Sexual harassment policies also apply to computer use.

COPYRIGHT AND DUPLICATION OF COURSE MATERIALS POLICY

- Shelton State recognizes and respects intellectual property ownership, including copyrights. Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the filesharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement. Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. (For details, see Title 17, United States Code, Sections 504, 505.) Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense. For more information, please see the website of the U.S. Copyright Office at www.copyright.gov.
- Shelton State expects its students to respect the rights of the College, their instructors, and other instructors or staff who use or permit the use of copyright protected materials for instruction. Textbooks and other commercial publications used as texts or supplemental materials are copyright protected. It is copyright infringement to make or disseminate copies of such materials in whole or part without permission. Most, if not all, other course materials, such as course syllabi, course bibliographies or reading lists, lecture or other supplemental handouts, review notes or outlines, tests, and other instructional materials provided to students by their instructors are also copyright protected. The content of the materials does not belong to the student. The student enrolled in a course has only limited permission, a non-exclusive license, to use those materials, and that permission is limited to use strictly in conjunction with the student's participation in the course.
- No instructional materials may be reproduced or disseminated by students except for the exclusive use of

students enrolled in the course in which such materials have been provided. In particular, course materials may not be posted on the Internet without express written permission. Violations are subject to civil penalties or criminal prosecution under the federal Copyright Act of 1976, as amended. In addition, students who violate this rule regarding copyright infringements are subject to College disciplinary actions. It is a condition of a student's enrollment in courses at Shelton State that he or she respects the copyrights of others.

CRIMINAL BACKGROUND CHECK POLICY

Shelton State is committed to providing a safe learning environment for all students and to supporting all federal and state regulations protecting individuals receiving services from Shelton State students. As part of this commitment, the College identifies all programs in which criminal background checks are required by law or are required as a condition of the program's approval or accreditation. The College requires criminal history checks of students in these identified programs and will refuse admission to or continuation in these programs, when necessary, to meet such regulations or accreditation standards.

DRUG, ALCOHOL, AND SUBSTANCE ABUSE PREVENTION POLICY

Shelton State Community College complies with the regulations and initiatives as prescribed by federal regulations in the Anti-Drug Abuse Act of 1988. The College is strongly committed to providing a drug-free learning and working environment. Drug awareness information is included in the orientation course for all first-year students.

Additionally, a representative from the local drug prevention agency speaks with students by setting up display tables around the College on various days throughout the semester.

In Section 5301 of the aforementioned Public Law, institutions are required to inform students that should they be convicted of drug distribution or possession, the court may suspend their eligibility for Title IV financial assistance. If convicted three or more times for drug distribution, students may become permanently ineligible to receive Title IV financial assistance.

FREEDOM OF EXPRESSION POLICY

Introduction

Shelton State believes an important aspect of educating our students is the opportunity to listen to speakers who represent a wide variety of opinions and beliefs regarding important public issues. The following policies govern the campus appearance of speakers. These policies are designed to support the educational function of Shelton State, guarantee protection of First Amendment rights to freedom of speech, and ensure that students and student-sponsored organizations and speakers are given priority in scheduling and use of Shelton State's campus. A speaker's appearance on campus does not imply an endorsement of his or her views by Shelton State, which includes its students, faculty, and staff.

Definitions

- College Department: An official unit of Shelton State
- Student Organization: A group officially recognized by and registered with the Office of Student Services in accordance with College policies and procedures
- Sponsored Speakers: Those persons or organizations invited to speak on Shelton State's campus by a College department or student organization in accordance with the guidelines set forth below
- Non-College Affiliated Speaker: Speakers who are members of the general public and those who are not acting on behalf of a College department or officially recognized and registered student organization

Policy

- Sponsored Speakers: Any recognized student organization or College department must complete the Guest Speaker Request Form before inviting a speaker to campus. A student organization or College department planning to invite a guest to speak at a regularly scheduled meeting must also complete the appropriate procedures associated with the College's event request process.

- **Non-College Affiliated Speakers:** It is the policy of Shelton State to permit the limited use of facilities by the general community in a manner that does not compete with the ongoing programs of Shelton State. Speakers who are not sponsored by a student organization or College department may request permission to engage in speech activities on campus. The required Free Speech Request Form is available in the Office of the Dean of Student Services and must be submitted no later than forty-eight (48) hours prior to the date and time of the reservation; Saturdays, Sundays, and legal holidays are not included in the calculation of the 48-hour period. This notice requirement is imposed in order to provide Shelton State's staff sufficient time to process the request, enter the event in the event database, and notify Shelton State's security personnel of the anticipated presence of a non-College-affiliated speaker on campus. Requests will be approved unless it is determined the speaker or speech will constitute or create a substantial likelihood of material interference with the normal, orderly decisions and processes of Shelton State or with the requirements of appropriate discipline. In the event such a determination is made and a request is denied, the applicant may request a review.
- **Free Speech Area (FSA):** Shelton State shall assign all non-College-affiliated speakers to the FSA during the scheduled operating hours of the campus. Speech within the FSA must be conducted in a manner that does not disrupt the educational environment or the safety of those on campus. Aggressive confrontation or impediment of vehicular or pedestrian traffic is prohibited. The use of sound amplification equipment is prohibited during regular school hours. Subject to the days and times of operation, Shelton State shall assign speakers for the date and time requested, unless another event has already been scheduled for the FSA at that date and time. In the event the space is already reserved, Shelton State will assign the speaker to the FSA for an alternative date and/or time as indicated by the applicant. If a conflict still remains, the applicant will be asked to provide additional alternative dates and times. In addition, no group or individual may reserve the space for more than three (3) consecutive days at a time. If, at the end of a three-day event, the space has not been reserved by another group or individual, the same group or individual will be eligible to reserve the space again. Under no conditions will a non-campus, non-sponsored speaker be permitted to sell items or solicit funds on campus. Members of the same group or organization dealing with the same general topic will be considered one speaker for purposes of this policy.

Location of Free Speech Area

Review and Due Process

- A hearing may be called if it is determined that a speaker or speech will constitute or create a substantial likelihood of material interference with the normal, orderly decisions and processes of Shelton State or with the requirements of appropriate discipline.

- A hearing committee, appointed by the Dean of Student Services, comprised of two faculty members, two students, and one Student Services administrator, will convene to review the speaker's application.
- If a request is denied, the organization or the speaker may appeal to the Dean of Student Services whose decision will be final.
- A hearing will be called if a speaker or speech advocates a call to action for any of the following:
 - The overthrow of any government,
 - The willful damage or destruction of property,
 - The disruption of Shelton State's regularly scheduled functions,
 - The physical harm, coercion, or intimidation of Shelton State's faculty, staff, or students, or
 - Other campus disorder of a violent nature.
- A speaker will be stopped and escorted off campus by Shelton State's security personnel if evidence of a call to action to accomplish any of the above becomes manifest during a speech.

Distribution of Materials

Handbills, leaflets, and similar materials available free of charge may be distributed by campus or sponsored speakers, as long as distribution does not interfere with the orderly operation of Shelton State's affairs or the free flow of traffic, and if content is not inconsistent with policies associated with any accrediting or governing agency associated with Shelton State. Such materials may also be distributed in the FSA by non-campus, non-College-affiliated speakers who have reserved the FSA under the terms of this policy.

News Releases and Off-Campus Publicity

Requests for news releases and off-campus publicity regarding upcoming events on campus must be submitted to the Office of Media and Communication at mediacom@sheltonstate.edu.

Poster and Flyer Registration

- All posters and flyers relating to students must be approved by the Office of Media and Communication by emailing mediacom@sheltonstate.edu. All displayed posters must bear a stamp indicating approval. Unregistered posters, signs, and announcements are subject to removal.
- The College reserves the right to refuse to register any poster, flyer, or sign that is deemed inappropriate for public display.
- Event posters and flyers should be displayed for a period not to exceed seven days before the event that they publicize. All posters should be removed by 1:00 p.m. the afternoon following the advertised event. In case of weekend functions, all posters should be removed by 1:00 p.m. the following Monday. Non-event posters also have a seven-day limit.
- Posters and flyers should be displayed only on designated bulletin boards. No bulletins or posters will be placed on doors, glass, ceiling, or painted surfaces.
- Under no circumstances may materials be distributed on vehicles' windshields.

Use of College Equipment or Facilities

Individuals are prohibited from unauthorized use of the College's equipment or facilities. Equipment may include, but is not limited to, copiers, duplicating equipment, or public address systems. Those wishing to utilize College equipment or facilities are asked to utilize the College's event request process. Students should contact their student organization's faculty and/or staff advisor to initiate the event request process.

FUNDRAISING POLICY

Any student or student group who wishes to raise funds or in-kind donations on behalf of the College or an organization of the College, must have the approval of the President. All funds raised or in-kind donations received through approved fundraising activities must be deposited with the College and shall be accounted for and controlled by the policies and procedures of the institution. Any student or student group may initiate a request to conduct a fundraising activity. Requests should be submitted to the office of Student Engagement for review and approval. The office of Student Engagement will route the request to the

appropriate Cabinet Member. Once approved by the Cabinet Member, the request will be forwarded to the President for final approval.

- The student may appeal only the final grade in a class.
- Grades received during the semester may be discussed with the instructor during scheduled student hours or at another appointment with the instructor but may not be formally appealed during the semester.
- Questions about grades should be handled informally if possible. If informal conversations between the instructor and student do not resolve an issue, a formal grade appeal may be filed.

- o notifying the student of the division chair's response.
 - o The student has the choice for the appeal to be considered either by the associate dean or by an associate dean-appointed committee of three faculty members from outside the division of the course in question. The preference of the student should be included in the letter of appeal to the associate dean. If it is not included, the decision of whether to use a committee will be made by the associate dean.

- Intellectual property of the student can be an original work created by a student to meet course requirements using College resources for which the student has paid tuition and fees to access, or using resources available to the public. Intellectual property rights in such student work belong to the student who created the work.
- Intellectual property created by a student employee during the course and scope of employment belongs to the College, and intellectual property rights to such creation belong to the College unless an agreement or contract provides otherwise.
- Revenue derived from intellectual property created by a student shall belong to the student unless the work is created by a student employee during the course and scope of employment, in which case the revenue shall belong to the College and shall be used according to the policies and procedures of the institution.

LOST AND FOUND PROCEDURES

Any found items should be turned in to the appropriate Campus Security Office immediately. It is the policy of Shelton State to secure found property for no less than sixty days in order to give the owner of the property adequate time to claim the property. An identifying mark should be placed on all textbooks, notebooks, calculators, laptops, cell phones, and other personal equipment.

MEDICAL EMERGENCIES

Shelton State Community College (SSCC) student email is also referred to as myShelton email. All students currently enrolled in or registered for a credit course are provided a myShelton email account. Student email addresses will be recorded in the College's electronic directories and records. **myShelton Email is the official email communication for the College to deliver college-related information to students.** Students can access their student email through myShelton. Every email message sent from a SSCC student email carries the Shelton State name (my.sheltonstate.edu), and all communications should reflect that. The format of an SSCC student email is john.doe@my.sheltonstate.edu unless otherwise stated. Accounts are for individual use only; they, are neither transferable nor to be used by any other individual. Only authorized individuals of SSCC may at any time view a student's email if that student is suspected of a violation of College policies. Students are expected to use and maintain their own individual email account. Users of student email should adhere to the SSCC Computer Resource Use and Acceptable Use Policies. See "SSCC Computer Resource Use and Acceptable Use Policies" for more information.

It is the responsibility of all who access College property, including motor vehicle operators, to know and/or obtain copies of these regulations.

Parking, Vehicle Registration, and Hang Tag Information

The Cashier's Office manages all items regarding parking registration and the issuance of all hang tags associated with Shelton State Community College.

Vehicle Registration Dates

The official registration period for cars, motorcycles, and motorbikes will be held at the beginning of each semester's registration. Hang tags will be issued for the academic year, beginning September 1 and expiring August 31 of the following year.

The law requires operators and passengers of two-wheeled motorized vehicles to wear protective helmets.

SEXUAL MISCONDUCT/TITLE IX/CAMPUS SaVE ACT POLICY AND PROCEDURES

Students and members of the faculty and staff who report violations included in this policy will be given a copy of this document and will be advised of all options available to them. SSCC officials will respect student's rights to confidentiality to the extent permitted under College and legal regulations. The degree to which confidentiality can be protected depends upon the professional role of the person being consulted. Pursuant to Alabama law, communications with certain professionals are considered privileged and confidential, including, but not limited to, communications with clergy, mental health professionals, and counselors. If a student reports such an incident to any other College employee (faculty, staff, or administration) those individuals are obligated by federal law to report the incident. Even if a student requests confidentiality, the College can still embark on non-identifying programming to educate students.

Statement and Intent of Policy

- Under Title IX and as standard for the Student Code of Conduct, Shelton State Community College (SSCC) will not tolerate and prohibits sexual assault and all forms of sexual misconduct including intimate partner violence, stalking, dating violence, sexual violence, sexual harassment, and domestic violence offenses. These acts are against Alabama State Law.
- In publishing this policy, the College is not intending to substitute or supersede related civil and/or criminal law. It should be clearly understood that there is a fundamental difference between the nature and purpose of student discipline and criminal law. Criminal law considers gross sexual assault and unlawful sexual contact to be serious crimes punishable by imprisonment in jail and/or probation. It also involves creation of a criminal record and may include a monetary fine.
- All students, faculty, and staff, as well as members of the public participating in College activities, have the right to an environment free from sexual or physical intimidation preventing a reasonable person from attaining educational goals or living and working in a safe environment.
- If there is reason to believe that SSCC campus regulations prohibiting sexual misconduct in any form have been violated, on-campus or off-campus, the administration will pursue disciplinary action through the appropriate College procedures. Moreover, this policy does not differentiate the types of offenses based on the kind of relationship between the individuals. In order to maintain a non-discriminatory and respectful educational environment, SSCC complies with its obligation to investigate and resolve concerns of all forms of sexual misconduct regardless of whether or not a formal complaint is filed.
- This policy is intended to provide more detailed information about how SSCC handles these matters and is not intended to replace the SSCC Student Code of Conduct or SSCC Sexual Harassment Policy.

Definition of Various Terms of Sexual Misconduct

- **Sexual Assault:** Sexual assault is a general term covering a range of crimes. For the purposes of this statement by the College, "sexual assault" includes, but is not limited to, rape, acquaintance rape, forced sodomy, forced oral copulation, rape by a foreign object, sexual battery, or threat of sexual assault. Rape is generally defined as forced or nonconsensual sexual intercourse. Nonconsensual sexual intercourse may take many forms, including, but not limited to, rape by a stranger or an acquaintance while on a date and rape by multiple

perpetrators (often referred to as “gang rape”). Nonconsensual sexual intercourse may occur both on-campus and off-campus. Rape may be accomplished by fear, threats of harm, and/or actual physical force. Rape may also include situations in which penetration is accomplished when the victim is unable to give consent or is prevented from resisting, due to being intoxicated, drugged, unconscious, or asleep. It also includes various types of unwanted sexual touching or penetration without consent. Sexual assault includes forced sodomy (anal intercourse), forced oral copulation (oral-genital contact), rape by a foreign object (including a finger), sexual battery, or the unwanted touching of an intimate part of another person for the purpose of sexual arousal.

- **Intimate Partner Violence:** Intimate partner violence is defined as any physical, sexual, or psychological harm against an individual by a current or former partner or spouse of the individual. It includes rape, acquaintance rape, stalking, dating violence, sexual violence, and domestic violence.
- **Sexual Harassment:** Sexual harassment is a form of sex discrimination and a violation of Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972. Sexual harassment has two key categories: quid pro quo (loosely translated as “this for that”) and hostile environment. Often sexual harassment involves relationships of unequal power and contains elements of coercion, as when compliance with requests for sexual favors becomes a criterion for granting work, study, or grading benefits. However, sexual harassment may also involve relationships among equals, as when repeated sexual advances or demeaning verbal behaviors have a harmful effect on a person’s ability to study or work in an academic setting. In compliance with federal and state law, SSCC defines sexual harassment as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature with the following occurrences:
 - Submission to such conduct is made either explicitly or implicitly as a term or condition of instruction, employment, or participation in other College activities;
 - Submission to or rejection of such conduct by an individual is used as a basis for evaluation in making academic or personnel decisions affecting an individual; or
 - Submission to such conduct has the purpose or effect of unreasonably interfering with an individual’s performance or creating an intimidating, hostile, or offensive College environment.
- **Sexual Exploitation:** Sexual exploitation occurs when a student takes non-consensual, unfair, or abusive sexual advantage of another for his/her own advantage or benefit; or to benefit or advantage anyone other than the one being exploited. This behavior must not otherwise constitute a violation of sexual assault or sexual harassment. Examples of sexual exploitation include, but are not limited to, prostituting another student, non-consensual video or audio-taping of sexual activity, presentation or unauthorized viewing of such recordings, going beyond the boundaries of consent (such as letting friends watch consensual sex without the knowledge or consent of the sexual partner), engaging in peeping Tommery, knowingly transmitting Human Immunodeficiency Virus (HIV) or other sexually transmitted disease (STD) to another student, voyeurism, flashing, and sexual-based stalking.
- **Stalking:** Stalking is a criminal activity consisting of the repeated following and harassing of another person. It is a distinctive form of criminal activity composed of a series of actions that taken individually might constitute legal behavior. For example, sending flowers, writing love notes, and waiting for someone outside of the workplace or classroom are actions that, on their own, are not criminal. When these actions are coupled with intent to instill fear or injury, however, they may constitute a pattern of behavior that is illegal. A person who intentionally and repeatedly follows or harasses another person and who makes credible threat, either expressed or implied, with the intent to place that person in reasonable fear of death or serious bodily harm is guilty of the crime of stalking.
- **Consent:** Consent must be informed, freely and actively given, and consist of a mutually agreeable and understandable exchange of words or actions. Any consent that is given is invalid when the exchange involves unwanted physical force, coercion, intimidation, and/or threats. If an individual is mentally or physically incapacitated or impaired such that one cannot understand the fact, nature or extent of the sexual situation, and the incapacitation or impairment is known or should be known to a reasonable person, there is

no consent. Lack of consent includes conditions resulting from alcohol or drug consumption or being asleep or unconscious.

- **Sexual Violence:** Sexual violence is used to refer to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent due to the victim's use of drugs, alcohol, or disability (intellectual or otherwise).
- **Stranger Rape:** Stranger rape is defined as a sexual assault by an unknown assailant or a rape in which the victim does not know the rapist.
- **Acquaintance Rape:** Acquaintance rape is the most prevalent form of sexual assault on a college campus, and it occurs between two people who know each other. The acquaintance may be a date, partner, or someone known casually from a residence hall, class, club, or mutual friends.
- **Bystander Intervention:** Bystander intervention may be carried out by an individual to prevent harm or to intervene when there is a risk or an act of violence.

What to do if you are a Victim of Sexual Misconduct

Follow these procedures immediately:

- Go to a safe place.
- Do not hesitate to take action. If you feel a crime has taken place, dial 911 immediately or contact the appropriate Campus Security Office at 205.391.2377 (Martin) or 205.391.2646 (Fredd).
- Call a friend, a family member, or someone you trust to ask him or her to stay with you until law enforcement, emergency first responders, or a College official arrives.
- Preserve the evidence if you intend to pursue criminal charges.
- Do not shower, bathe, douche, or brush teeth; save all clothing worn at the time of the assault.
- Place each item of clothing in a separate paper bag if at all possible. Do not use plastic bags.
- Do not disturb anything in the area where the assault occurred; including bed linens and discarded clothing.
- Go immediately to seek medical attention.
- Ask the hospital or clinic where you receive medical care to take a urine sample if you suspect you have been given a rape drug. The urine sample should be preserved as evidence. Rape drugs, such as Rohypnol and GHB, are more likely to be detected in urine than in blood.
- Write down as much as you can remember about the circumstances of the assault, including a description of the assailant.
- Talk with a counselor who is trained to assist rape victims about the emotional and physical impacts of the assault. You may call a hotline, a rape crisis center, or a counseling agency to find someone who understands the trauma of rape and knows how to help.

Victim's Reporting Options

SSCC strongly encourages individuals to report all incidents and violations of this nature to the Office of the Dean of Student Services. A secondary contact point may be law enforcement officials or other appropriate College officials. Incidents should be properly addressed and victims should avail themselves of all the services and rights to which they are entitled.

Any member of the SSCC community may file a report with an appropriate College official. If a victim shares an incident of sexual misconduct with an appropriate College official, he or she should know it is the College official's responsibility to notify the Office of the Dean of Students immediately. In addition, it is the victim's right to notify law enforcement and to be assisted by College officials in doing so. Thus, it is the victim's right to decide whether or not to involve law enforcement. Declining the involvement of law enforcement does not prevent the victim from receiving assistance from the College. A victim also has the right to use the College's procedures in addition to filing a criminal complaint.

- **Reporting Timeframe:** Any individual may file a complaint of sexual misconduct at any time. Early reporting is encouraged to preserve evidence and provide the victim with information regarding rights, options, and resources available to them by this policy and federal/state laws.
- **Reporting Options**
 - Official Reporting: All SSCC students are strongly encouraged to make an official report of any incident of sexual misconduct to the Office of the Dean of Student Services whether the incident occurred on-campus or off-campus. Official reporting initiates a course of immediate action and the College's student conduct process.
 - The complaint may be filed directly to the Dean of Student Services via a written statement or an appointment. Once a complaint has been submitted to the Dean of Student Services, the Dean of Auxiliary Services, in conjunction with local law enforcement as necessary, will conduct intake interviews and fact-finding interviews with appropriate parties and follow the processes outlined in the student conduct process. Each complaint will be investigated promptly and appropriate corrective actions will be taken.
 - Confidential Disclosure: SSCC offers confidential reporting through Counseling Partnerships to provide the following:
 - Weigh options and associated risks,
 - Discuss possible next steps, and
 - Obtain information about available resources and services.

No one is expected or required to pursue a specific course of action with this option.

Sexual Misconduct Amnesty Clause

The Office of the Dean of Student Services offers immunity (amnesty) to students who may have violated the Student Code of Conduct's Alcohol or Drug Policy at the same time of the incident when he or she became a victim of or is reporting sexual misconduct. Therefore, no alcohol or drug charges are applied to a student who reports that he or she was under the influence of alcohol and/or drugs at the time of an act of sexual misconduct.

The purpose of this clause is to encourage reporting. Victims or bystanders (witnesses) should not let his or her use of alcohol or drugs be a deterrent to reporting an incident. When conducting the investigation, the College's primary focus will be addressing the sexual misconduct violation and not alcohol/drug violations that may be discovered or disclosed. However, the College may provide referrals to counseling and may require educational options, rather than disciplinary sanctions, in such cases.

Bystander Intervention

The same above mentioned reporting options are available for bystanders as well. These options are safe and positive for bystanders who intervened during an incident in order to prevent harm when there was a risk or an act of violence. SSCC strongly encourages bystanders to step up on behalf of another person's well-being and safety.

Victim's Rights Provisions

It is SSCC's responsibility to assure students reporting an incident of sexual misconduct of the following occurrences:

- Victims will have the opportunity to request prompt proceedings; a fair, impartial investigation and resolution will occur;
- College officials will treat the incident seriously, and the incident will be investigated and adjudicated by appropriate criminal and/or College officials. Proceedings shall be conducted by officials trained on sexual assault and other intimate partner violence issues. Officials shall use preponderance of the evidence standard to resolve complaints. (which is "more likely than not" and the standard used by civil courts in the United States) Preponderance of the evidence means that if the College thinks there is as little as 51% chance that the accused is guilty, the accused must be disciplined;
- Victims will be treated with dignity and respect in a non-judgmental manner.
- When an individual discloses an incident of sexual misconduct College officials will inform victims of their option to notify appropriate law enforcement authorities, including campus police and local police, and offer assistance in notifying proper authorities;
- College personnel will neither discourage anyone from reporting, nor encourage anyone to under-report or report the incident as a lesser crime;
- College personnel will cooperate in obtaining, securing, and maintaining evidence (including a medical examination) necessary in legal/criminal proceedings;
- College officials will strictly prohibit retaliation and will not only take steps to prevent retaliation but also take strong responsive action if it occurs. They will also follow up with complaints to determine whether any retaliation or new incidents of harassment have occurred. Any report of retaliation will result in disciplinary actions and/or sanctions. Examples of retaliation include, but are not limited to, a face-to-face threat, a digital message, and/or a bump or shove. Retaliation can be by someone other than the accused;
- Victims will be provided with written notification of services available for mental health, victim advocacy, legal assistance, and other available community resources;
- Victims may obtain, when reasonably available, no contact/restraining orders or enforce an order already in existence to prevent unnecessary or unwanted contact or proximity to an alleged perpetrator;
- Victims are informed that they are entitled to be accompanied to any related meeting or proceeding by an advisor of their choice, knowing that the respondent also has the same opportunity to have others present during any proceeding (neither the victim's advisor nor the advisor for the respondent can speak for or defend either party); and
- Victims are informed that they are entitled to receive, in writing, the results of such outcome being reached within three business days.

Rights of the Person Accused of Sexual Misconduct

The student accused of sexual misconduct (the respondent) may be assured of the following:

- All sexual misconduct cases will be treated seriously, and the incident will be investigated and adjudicated by appropriate criminal and/or College officials. Proceedings shall be conducted by officials trained on sexual assault and other intimate partner violence issues. Officials shall use preponderance of the evidence standard to resolve complaints. (which is "more likely than not" and the standard used by civil courts in the United States) Preponderance of the evidence means that if the College thinks there is as little as a 51% chance that the accused is guilty, the accused must be disciplined;
- The respondent will be treated with dignity and respect in a non-judgmental manner;

- The respondent will be advised of on-campus and off-campus organizations and services that may be of assistance;
- College personnel will cooperate in investigating the case fully for legal and student conduct proceedings;
- The respondent will be informed of available counseling and psychological services;
- Respondents are informed that they are entitled to be accompanied to any related meeting or proceeding by an advisor of their choice, knowing that the victim also is provided with the same opportunity to have others present during any proceeding (neither the victim's advisor nor the advisor for the respondent may speak for or defend either party); and
- Respondents are informed that they are entitled to receive, in writing, the final results of such outcome being reached within three business days.

Disciplinary Procedure

It is the victim's right to notify law enforcement and to be assisted by College officials in doing so. Thus, it is the victim's right to decide whether or not to involve law enforcement. Declining the involvement of law enforcement does not prevent the victim from receiving assistance from the College. In addition to filing a criminal complaint, a victim also has the right to use the College's procedures.

A student charged with sexual misconduct may be prosecuted under the Alabama Criminal Justice System and disciplined through the SSCC Student Code of Conduct and appropriate due process procedures. Even if the criminal justice authorities choose not to prosecute, the accused may be subject to formal College disciplinary action. The SSCC Student Code of Conduct and due process procedures should be considered distinct and independent of any and all criminal procedures. The SSCC Student Code of Conduct and due process procedure may precede, occur simultaneously, or follow court action. In the event that the College's Student Code of Conduct and due process procedures follow court action, the court proceedings and/or verdict may be considered in the Student Code of Conduct and due process proceeding. Proceedings shall be conducted by officials trained in all forms of sexual misconduct. Moreover, they shall use the preponderance of evidence standard (which is "more likely than not" and the standard used by civil courts in the United States).

When necessary, temporary action may be taken by the College in the form of summarily suspending or summarily restricting the accused or officially requesting no contact between the complainant and the respondent. Relocation or removal from campus classes and activities may also occur. Any of these measures may result in the accused student's restricted access to the College and/or participation in College events, such as attendance at classes, usage of College resources, and participation in College activities.

- **Disciplinary Action:** Any student found by the Dean of Student Services to have committed sexual misconduct may be subject to severe disciplinary sanctions, including suspension or dismissal from the College. For information regarding the range of possible sanctions that may be imposed following an institutional disciplinary procedure, please refer to the SSCC Student Code of Conduct found in the College Catalog and *Student Handbook*. The College recognizes that violations of sexual misconduct are not the fault of the individual filing the complaint. The College intends to encourage the reporting of sexual misconduct; therefore, the College generally does not intend to hold complainants accountable for Student Code of Conduct violations that may have occurred along with violations of sexual misconduct. The College administration will use discretion to ensure the rights of the complainant are preserved.
- **Appeals:** The complainant may appeal the decision via the College's appeal process. The complainant may request that reasonable accommodations be made during the hearing procedures, such as special seating arrangements in the hearing room in order to conduct a fair, orderly hearing.

- The complainant has the right to remain present during the entire hearing except during the deliberations.
- The complainant has the right not to have his or her sexual history discussed during the hearing.
- The complainant has the right to make an “impact statement.”
- The complainant has the right to be informed concurrent with notice to the accused (respondent) of the decision of the Dean of Students and/or the committee regarding the alleged sexual assault violation and any sanction(s) imposed. The complainant and the respondent must respect the privacy of all involved.

Safety and Security Information Report

Under the Campus SaVE Act, an addendum to the Clery Act, SSCC will provide annual statistics on incidents of campus crimes, including incidents of sexual misconduct occurring on campus and reported to campus authorities and/or local police. Additionally, SSCC will comply with all mandatory reporting requirements including a broader range of sexual misconduct incidents occurring on campus, including domestic violence, dating violence, and stalking. Nothing in this policy should be interpreted as precluding enforcement of the laws and regulations of the United States of America, the state of Alabama, any locality in the state of Alabama, or the College’s Student Code of Conduct.

SOCIAL FUNCTIONS POLICY

A social function is defined as any dance, party, activity, or entertainment sponsored by an approved student group. Proposed student activities must be approved by the Office of the Dean of Student Services. The student is responsible for the conduct of his/her guest or visitor to the campus or to any College-sponsored activity. Guests and visitors are expected to abide by the regulations of the institution.

STUDENT CODE OF CONDUCT

The Student Code of Conduct documents the standard of conduct by which students and organizations are expected to abide. Students and organizations will be aware of the Code and knowledgeable of the fact that they will be held accountable for compliance with its provisions. By enrollment and affiliation with the College, a student or organization neither relinquishes the right nor escapes responsibilities of local, state, or federal laws and regulations. The College is committed to maintaining an environment contributing to its educational mission and the safety, health, and well-being of all students and other persons on campus. Therefore, students and organizations are obligated to abide by the rules and policies established by the College.

It is assumed that students enrolling in the College are mature, have a desire for constructive learning, and are attending with that purpose in mind. Common courtesy and cooperation are expected of all students. Interference, injury, or the intentional attempt to injure or interfere with the personal or property rights of any person, whether a student, visitor, faculty, or staff member, or the College itself, is strictly prohibited.

Application of the Student Code of Conduct

The Student Code of Conduct applies to individual students as well as formal and informal groups either involved in College-related activities or functioning as official representative(s) of the institution. It is applicable to the behavior of students and organizations, both on and off the College campus, which is determined to be incompatible with the educational environment and mission of the College.

Misconduct

The College expects the conduct of each student and organization to be in conformity with standards of common decency and decorum with recognition of and respect for personal and property rights of others and the educational mission of the College. A student or organization may be disciplined and is in violation of the Student Conduct Code for

any of the following:

- Academic dishonesty;
- Forgery, alteration, or misuse of College documents, records, or identification;
- Issuance of worthless checks made payable to the College;
- Failure to comply with the authority of College officials acting within the capacity and performance of their positions;
- Violation of written College rules, policies, and regulations;
- Obstruction or disruption of teaching, research, administration, disciplinary procedures, College activities, or other activities on College premises by either College or non-College persons or groups;
- Destruction, damage, or misuse of College, public, or private property; (The student or organization is responsible for any damage done to College property.)
- Conduct in violation of federal or state statutes or local ordinances threatening the health and/or safety of the College community or adversely affecting the educational environment of the College;
- Conviction of any misdemeanor or felony which adversely affects the educational environment of the College;
- Obtaining College services by false pretenses including, but not limited to, misappropriation or conversion of College funds, supplies, equipment, labor, material, space, facilities, or services;
- Hazing, or any mental or physical requirement or obligation placed upon a person by a member of any organization, or by an individual, or by a group of individuals which could cause discomfort, pain, or injury, or which violates any legal statute or College rule, regulation, or policy;
- Lewd, obscene, licentious, or indecent conduct or the verbal or written threat of such action against another person;
- Lewd, obscene, licentious, indecent, unsafe, or inappropriate dress; (Students must wear shoes/footwear at all times.)
- Possession (while on College-owned or controlled property) of firearms, ammunition, explosives, fireworks, or other dangerous instrumentalities;

- Disruptive or disorderly conduct interfering with the rights and opportunities of those attending the College to utilize and enjoy educational facilities.

Penalties for violations may include reprimand and probation, loss of privileges, suspension, expulsion, and other penalties which may be set forth in College regulations published in the *Student Handbook*.

Where there has been a serious violation of College regulations and a student's continued presence will materially threaten the welfare of the College, the President's designated representative, normally the Dean of Student Services or other College official, may immediately suspend the student. The student will be entitled to a hearing according to the regular disciplinary procedures.

Misconduct Disciplinary Policy

Any case involving violation of policies and regulations in this publication will be brought to the immediate attention of the Dean of Student Services who will discuss the case with the student and attempt to arrive at a mutually satisfactory conclusion regarding the matter. If a satisfactory conclusion is not reached at this point, the student may appeal the case to the Student Services Action Group.

The Student Services Action Group, or a similarly functioning group, is authorized to hear the student appeal and may choose to modify, uphold, or reverse the written recommendations of the Office of the Dean of Student Services. It is important to note that in the chronology of events, the student receives a copy of these recommendations first in his/her initial meeting with the Office of the Dean of Student Services. His/her decision to appeal will be based on disagreement with these recommendations. After appeal to the Student Services Action Group, the Office of the Dean of Student Services will ensure that the student is granted due process through the following steps:

- Written notice will be provided the student at least three (3) calendar days in advance of the hearing date. Further, the student will be given a list of witnesses and a copy of their statements or complaints, along with other evidence and affidavits which the College intends to submit against the student.
- The student is permitted to have counsel present at the hearing to advise him/her. At the hearing, the student may question any witness giving evidence against him/her. Attorneys are present in advising capacity only. The College appeal process will not be bound by courtroom procedures.
- The student is permitted to hear the evidence presented against him/her and will be permitted the opportunity to present his/her own case, his/her version of the incident, and any exhibits, affidavits, or witnesses on his/her behalf.
- A full and complete record of the hearing will be made. Unless otherwise specified, a recording device will be used.
- The Student Services Action Group will provide a written decision to the student and the Dean of Student Services. Final local responsibility for discipline is vested in the President of the College. Any disciplinary probation or suspension will be recorded on the student's permanent record. The College seeks to guarantee that the fundamental principles of fair play are observed and ensures no disciplinary action is taken on grounds not supported by substantial evidence. A conscious effort is made to ensure all of the College's regulations are within the scope of the lawful missions of tax-supported higher education. It is recognized that it is not a lawful mission of the College to prohibit the exercise of a right guaranteed by the Constitution or a law of the United States. However, the President will take direct and appropriate action in any case involving the integrity of the College and the well-being of the students.

STUDENT RECORDS POLICY

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their educational records. (An "eligible student" under FERPA is a student who is eighteen years of age or older or who attends a postsecondary institution at any age.)

- A student has the right to inspect and review his or her educational records within 45 days after the day the College receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the

request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

- A student has the right to request the amendment of his or her educational records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. A student who wishes to ask the College to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- A student has the right to provide written consent before the College discloses personally identifiable information (PII) from his or her educational records, except to the extent that FERPA authorizes disclosure without consent. The College discloses educational records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official typically includes a person employed by the College in an administrative, supervisory, academic, research, or support staff position (including law enforcement personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official may include a volunteer or contractor outside of the College who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, collection agent, or a student volunteering to assist another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibilities for the College. Upon request, the school discloses educational records without consent to officials of another school in which a student seeks or intends to enroll.
- A student has the right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is the following:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

In addition, a school may include its directory information public notice, as required by § 99.37 of the regulations, with its annual notification of rights under FERPA.

FERPA permits the disclosure of PII from students' educational records, without consent of the student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, § 99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student to the following:

- Information may be disclosed to other school officials, including teachers, within the College whom the school has determined to have legitimate educational interests. These individuals include contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in § 99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(3) are met. (§ 99.31(a)(1))
- Information may be disclosed to officials of another school in which the student intends to enroll, or in which the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of § 99.34. (§ 99.31(a)(2))

- Information may be disclosed to authorized representatives of the U. S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local educational authorities, such as a state postsecondary authority that is responsible for supervising the university's state-supported educational programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported educational programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§ 99.31(a)(3) and 99.35)
- Information may be disclosed in connection with financial aid for which the student has applied or for which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§ 99.31(a)(4))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§ 99.31(a)(6))
- Information may be disclosed to accrediting organizations to carry out their accrediting functions. (§ 99.31(a)(7))
- Information may be disclosed to parents of an eligible student if the student is a dependent for IRS tax purposes. (§ 99.31(a)(8))
- Information may be disclosed to comply with a judicial order or lawfully issued subpoena. (§ 99.31(a)(9))
- Information may be disclosed to appropriate officials in connection with a health or safety emergency, subject to § 99.36. (§ 99.31(a)(10))
- Information may be included with other information the school has designated as "directory information" under § 99.37. (§99.31(a)(11))
- Information may be disclosed to a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of § 99.39. The disclosure may include only the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§99.31(a)(13))
- Information may be disclosed to the general public, the final results of a disciplinary proceeding, subject to the requirements of § 99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the school's rules or policies with respect to the allegation made against him or her. (§ 99.31(a)(14))
- Information may be disclosed to parents of a student regarding the student's violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of twenty-one. (§99.31(a)(15))

The College intends to forward all records on request within the guidelines of FERPA as listed in this document.
