Shelton State Community College offers competitive scholarships to qualified students who are residents of the state of Alabama. Meeting the minimum requirements does not guarantee a scholarship award. Scholarships are awarded based on availability of funds.

Alabama State Board of Education policy requires that scholarship recipients be U.S. citizens or resident aliens who meet institutional requirements. Every applicant is required to submit an application for admission to the College and is encouraged to apply for federal financial aid. Application should be made for the academic year(s) in which the award will be provided. Apply for financial aid online at www.FAFSA.ed.gov. Shelton State’s school code is 005691.
