

SHELTON STATE

COMMUNITY COLLEGE

HIGH SCHOOL TRANSCRIPT WAIVER FOR EARLY REGISTRATION SUMMER SEMESTER 2022

Federal regulations require all students to have a high school diploma or GED before receiving Title IV funds (Pell grant).

However, by agreeing to and signing this waiver, Shelton State will allow students to register and charge tuition, fees, and books prior to graduation or the receipt of a final high school transcript with a graduation date.

By signing below, I understand that if my **official** high school transcript (reflecting the graduation date) is not received by the Enrollment Services Office before June 30, 2022, my financial aid award for summer semester will be removed. If my financial aid is removed, I will **owe** Shelton State Community College tuition and fees and/or Follett Bookstore.
