

# The Economic Value of Shelton State Community College

Shelton State Community College (SSCC) creates a significant positive impact on the business community and generates a return on investment to its major stakeholder groups—students, taxpayers, and society. Using a two-pronged approach that involves an economic impact analysis and an investment analysis, this study calculates the benefits received by each of these groups. Results of the analysis reflect fiscal year (FY) 2020-21.

## Economic impact analysis

In FY 2020-21, SSCC added **\$248.1 million** in income to the SSCC Service Area economy, a value approximately equal to **2.2%** of the region's total gross regional product (GRP). Expressed in terms of jobs, SSCC's impact supported **3,952 jobs**. For perspective, the activities of SSCC and its students support **one out of every 33 jobs** in the SSCC Service Area.

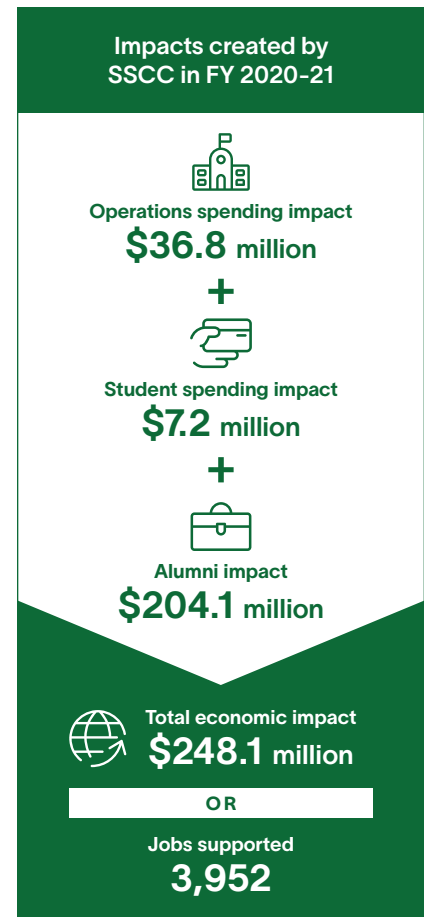

### Operations spending impact

- SSCC employed 410 full-time and part-time faculty and staff. Payroll amounted to \$25.4 million, much of which was spent in the region for groceries, mortgage and rent payments, dining out, and other household expenses. The college spent another \$26.5 million on day-to-day expenses related to facilities, supplies, and professional services.
- The net impact of the college's operations spending added **\$36.8 million** in income to the regional economy in FY 2020-21.

### Student spending impact

- Some in-region students, referred to as retained students, would have left the SSCC Service Area for other educational opportunities if not for SSCC. In addition,

## Investment analysis

### Student perspective

- SSCC’s FY 2020-21 students paid a present value of **\$11.3 million** to cover the cost of tuition, fees, and supplies. They also forwent **\$18.8 million** in money that they would have earned had they been working instead of attending college.
- In return for their investment, students will receive a cumulative present value **\$218.3 million** in increased earnings over their working lives. This translates to a return of **\$7.20** in higher future earnings for every dollar students invest in their education. Students’ average annual rate of return is **22.8%**.

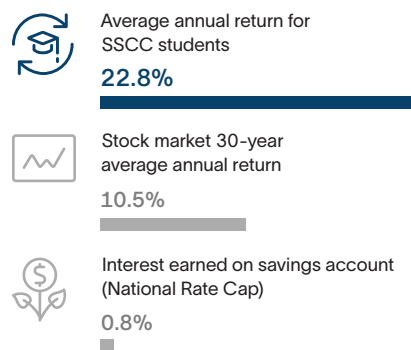

### Taxpayer perspective

- Taxpayers provided SSCC with **\$21.7 million** of funding in FY 2020-21. In return, they will benefit from added tax revenue, stemming from students’ higher lifetime earnings and increased business output, amounting to **\$61.9 million**. A reduced demand for government-funded services in Alabama will add another **\$5 million** in benefits to taxpayers.
- For every dollar of public money invested in SSCC, taxpayers will receive **\$3.10** in return, over the course of students’ working lives. The average annual rate of return for taxpayers is **7.1%**.

### Social perspective

- In FY 2020-21, Alabama invested **\$75.1 million** to support SSCC. In turn, the Alabama economy will grow by **\$706 million**, over the course of students’ working lives. Society will also benefit from **\$16.8 million** of public and private sector savings.
- For every dollar invested in SSCC in FY 2020-21, people in Alabama will receive **\$9.60** in return, for as long as SSCC’s FY 2020-21 students remain active in the state workforce.
