

SHELTON STATE
COMMUNITY COLLEGE

SHELTON STATE COMMUNITY COLLEGE NURSING PROGRAM

Thank you for your interest in the Shelton State Community College (SSCC) Nursing Programs. SSCC is committed to helping students reach their career goals. The SSCC Nursing Programs prepare graduates to become eligible to sit for the National Council Licensure Exams for the Registered Nurse or Practical Nurse (NCLEX-RN or NCLEX-PN). It is a balanced curriculum, including general education and nursing courses, which must be taken in sequential order. **The associate degree and practical nursing programs at Shelton State Community College at the Martin campus located in Tuscaloosa, and the practical nursing program located at Bibb Medical Center Campus located in Centreville, Alabama are approved by the Alabama Board of Nursing. The Associate Degree Nursing (ADN) track and Practical Nursing (PN) programs are also accredited by the Accreditation Commission for Education in Nursing, Inc. (ACEN), located at 3390 Peachtree Road NE, Suite 1400, Atlanta, GA 30326; Phone 404.975.5000. The most recent accreditation decision made by the ACEN Board of Commissioners for the associate degree and practical nursing program is Continuing Accreditation. View the public information disclosed by the ACEN regarding this program at <http://www.acenursing.com/accreditedprograms/programsearch.htm>.**

It is the mission of SSCC to graduate well-prepared nursing students who are strong practitioners both clinically and academically. Nursing students should plan for twelve to fifteen hours per week of clinical experience. Although these hours will be planned as conveniently as possible, there may be nontraditional work hours, such as evening and weekend assignments. Clinical times are included in the course information and other documents available at the beginning of each semester. **Nursing applicants are encouraged to complete as many of the academic requirements (non-nursing courses) as scheduling will permit prior to admission to the nursing program.** Students are discouraged from working full-time while attending the SSCC Nursing Programs.

All students in the SSCC Nursing Programs will have to complete all other curriculum courses in the prescribed sequence. Acceptance of transfer students into nursing programs is limited by the number of faculty and clinical facilities available. Meeting minimum standards does not guarantee acceptance. **Academic credits will transfer as usual; however, anatomy and physiology (BIO 201 and 202) credits must have been completed within the past five years. If not, the nursing applicant must be currently enrolled in, attending, and successfully pass (receiving a grade of "C" or higher) the anatomy and physiology retake no later than the semester of application to the nursing program.**

The SSCC Nursing Program offers the **Associate Degree Nursing (ADN)** track. Twenty-one (21) months, or five consecutive semesters, are required to complete the track. Students who successfully complete the ADN track through the end of the third semester may be eligible to qualify to sit for the NCLEX-PN licensure exam to become a **Licensed Practical Nurse (LPN)**. A student may opt out of the ADN track at this point to work as an LPN after successfully passing the NCLEX-PN, or the student may continue as long as progression criteria are met, and the ADN track is completed. Students who successfully complete the ADN track are eligible to sit for the NCLEX-RN licensure exam to become a **Registered Nurse (RN)**. SSCC offers the **Practical Nursing (PN)** Stand-alone Evening option on the Martin and Bibb Campuses. Twelve (12) months, or three consecutive semesters, are required to complete the track. Students who successfully complete the PN track through the end of the third semester may be eligible to sit for the NCLEX-PN licensure exam to become a **Licensed Practical Nurse (LPN)**. Traditional ADN and PN tracks are offered during the day and evening. Students may also bridge into the **ADN Health Transition** option from other health programs, i.e., paramedic to RN and LPN to RN. Refer to the application process for admission periods for the SSCC Nursing Programs. Final student selection for either track is made by the Nursing Programs Admission Committee.

Information about Licensure

Applicants for admission to the Shelton State Community College Nursing Program should be aware of the following information about licensure: The Alabama Board of Nursing (ABN) application for licensure includes a series of questions regarding past arrests or convictions for DUI and/or criminal offenses (misdemeanor or felony), history of mental illness, substance abuse, placement on state or federal abuse registry, and previous court-martial or military discipline. Candidates are advised to respond honestly as failure to do so can result in denial of the ability to take the exam and to become licensed. Therefore, successful completion of the

RN or PN tracks does not guarantee eligibility to write the NCLEX-RN or NCLEX-PN exam for licensure. For additional information, contact the ABN at 800.656.5318 or 334.292.5200, or visit www.abn.alabama.gov

Progression and Reinstatement

To progress in the program, a grade of C (75% or above) must be maintained in each nursing course and a grade of C (70% or above) in each general education course. Failure of one or more courses in a semester or withdrawal for any reason from one or more courses in two separate semesters will result in non-progression in the program. Failure to maintain the required grades in any course will result in non-progression in the program. Courses with a dosage calculation component require an 85% grade in that component to pass the entire course.

Students who experience non-progression in the nursing program and desire reinstatement in the program must apply for reinstatement within one (1) year from the term of non-progression to be eligible. Students who apply for reinstatement are considered for the program option (associate degree/practical nursing; day/evening) to which they originally applied. Students dismissed from the program for disciplinary reasons and/or unsafe client care are ineligible for reinstatement to the nursing program.

Minimum Admission Standards for the ADN Program

1. Applicant must have unconditional admission to the College.
2. Applicant must complete and submit application packet for the ADN track during the application period of **May 1 through June 1** for fall admission and **September 1 through October 1** for spring admission. There is a summer evening program option offered every other year on odd years. Applications for this program option are completed online and accepted between **March 1 and April 1** for summer admission.
3. Applicant must have a minimum 18 composite ACT score report on national or residual tests. Superscores are not accepted.
4. Applicant must have a minimum 2.50 GPA in academic courses required for the nursing program and a minimum 2.0 GPA at the current, native institution or a cumulative 2.0 at the institution from which the student is transferring. An official SSCC transcript with all transfer credit must be available by the application deadline.
5. Applicant must have a minimum 2.50 cumulative high school GPA (for students without prior college course work). An official high school transcript or GED certificate must be available by the application deadline.
6. Applicant must be eligible to enroll in or have completed the following:
 - a. ENG 101 and MTH 100 or higher as determined by college placement.
 - b. BIO 201 during the first term of nursing courses (BIO 103 is a pre-requisite to BIO 201).
7. Applicant must be in good standing with the College.
8. Applicant must meet the essential functions or technical standards required for nursing.
9. Applicant must attend a Health Services Information Session within one year of applying for admission.

Admission to the ADN track is competitive, and the number of students is limited by the number of faculty and clinical facilities available. Meeting minimum requirements does not guarantee acceptance into the program.

Minimum Admission Standards for the PN-Stand Alone Evening Program (Martin and BIBB Campus)

1. Applicant must have unconditional admission to the College.
2. Applicant must complete and submit application packet for the PN track during the application period of **September 1 through October 1** for spring admission for the SSCC campus, and **June 5 through July 5** for fall admission for the Practical Nursing program located at Bibb Medical Center. Applications are completed online.
3. Applicant must have a minimum 18 composite ACT score report on national or residual tests. Superscores are not accepted.
4. Applicant must have a minimum 2.50 GPA in academic courses required for the nursing program and a minimum 2.0 GPA at the current, native institution or a cumulative 2.0 at the institution from which the student is transferring. An official SSCC transcript with all transfer credit must be available by the application deadline.
5. Applicant must have a minimum 2.50 cumulative high school GPA (for students without prior college course work). An official high school transcript or GED certificate must be available by the application deadline.
6. Applicant must be eligible to enroll in or have completed the following:
 - a. ENG 101 and MTH 100 or higher as determined by college placement.
 - b. BIO 201 during the first term of nursing courses (BIO 103 is a pre-requisite to BIO 201).

7. Applicant must be in good standing with the College.
8. Applicant must meet the essential functions or technical standards required for nursing.
9. Applicant must attend a Health Services Information Session within one year of applying for admission.

Meeting minimum requirements does not guarantee acceptance into the program.

Information for Admission

Calculation of Points for Students Meeting Minimum Associate Degree Nursing Track/PN Stand-alone Evening Admission Standards

After meeting all minimum requirements, applicants are rank-ordered using a point system based on the following:

1. Official ACT score (There is a maximum of 36 points on the ACT with no time limit on when the test was taken.)
2. Points from required academic courses for the nursing program (Academic courses include ENG 101, MTH 100 or higher, BIO 201, and BIO 202. Points for grades are as follows: A = 3 points, B = 2 points, C = 1 point.)
3. An additional 10 points may be awarded as follows:

<u>Points</u>	<u>Criteria</u>
3	Shelton State Community College students who completed eighteen (18) hours of required academic courses for the nursing program
3	Students who have completed eighteen (18) hours of required academic courses for the nursing program with a 3.0 or higher GPA
4	A minimum of six (6) months of work experience AND 215 hours in a health-related field with direct patient care OR the completion of a health-related program

A total of fifty-eight (58) points is possible with these selection criteria.

Minimum Admission Standards for the ADN Health Transition Track (Mobility Option)

1. Applicant must have unconditional admission to the College.
2. Applicant must complete an application packet for the ADN Health Transition track between **June 5 and July 5** for spring admission. Applications are completed online.
3. Applicant must have a minimum 18 composite ACT score report on national or residual tests. Superscores are not accepted.
4. Applicant must have completed prerequisite courses, including the following: ENG 101 English Composition I, MTH 100 Intermediate Algebra or higher-level math as determined by college placement, BIO 201 Human Anatomy and Physiology I, BIO 202 Human Anatomy and Physiology II, SPH 106 Fundamentals of Oral Communications or SPH 107 Fundamentals of Public Speaking, and PSY 210 Human Growth and Development. **Note:** NUR 209 Concepts for Healthcare Transition Students is required for students who want to bridge into the ADN Health Transition track from other health programs, i.e., paramedic to RN, LPN to RN, and LPNs who did not graduate from the ACCS Standardized Concept Based Curriculum within one (1) year.
5. Applicant must be in good standing with the College.
6. Applicant must meet the essential functions or technical standards required for nursing.
7. Applicant must have a minimum 2.50 GPA in the academic courses required for the nursing program and a minimum 2.0 GPA at the current, native institution or a cumulative 2.0 at the institution from which the student is transferring. An official SSCC transcript with all transfer credit must be available by the application deadline.
8. Applicant must have a valid, unencumbered Alabama Practical Nurse license or unencumbered Alabama paramedic license or equivalent license/credentials for other health professions.
9. Applicant must attend a Health Services Information Session within one year of applying for admission.

Meeting minimum requirements does not guarantee acceptance into the program.

Information for Admission

Calculation of Points for Students Meeting Minimum ADN Health Transition Track (Mobility) Admission Standards

After meeting all minimum requirements, applicants are rank-ordered using a point system based on the following:

1. Official ACT score report (There is a maximum of 36 points on the ACT with no time limit on when the test was taken.)
2. Points from required academic courses for the nursing program (Academic courses include ENG 101, MTH 100 or higher, BIO 201, and BIO 202. Points for grades are as follows: A = 3 points, B = 2 points, C = 1 point.)
3. An additional ten (10) points may be awarded as follows:

<u>Points</u>	<u>Criteria</u>
5	Completed BIO 220-General Microbiology and a humanities course
5	Completed LPN certificate with a cumulative GPA of 3.5 or higher at Shelton State Community College OR Completed LPN certificate, paramedic certificate, or equivalent certificate for other health professionals' program with a GPA of 3.5 or higher

A total of fifty-eight (58) points is possible with these selection criteria.

Estimated Tuition, Fees, and Expenses for SSCC Nursing Programs

NOTE: The prices listed below are subject to change.

	<u>Two-Year</u>	<u>PN</u>
Uniforms:		
1 Pair of White Shoes	100.00	100.00
1 Lab Coat (SSCC monogrammed)	55.00	55.00
2 Uniforms (SSCC monogrammed scrubs)	225.00	225.00
1 Deluxe Dual Head Stethoscope	40.00	40.00
1 Pocket Organizer	10.00	10.00
1 Reusable Penlight (Non-LED)	15.00	15.00
1 Pair of Scissors	15.00	15.00
1 Watch (with second hand)	<u>40.00</u>	<u>40.00</u>
Subtotal	500.00	500.00
Tuition (including academic courses) and Fees:		
Tuition, Maintenance, and Instruction Fees	11,088.00.00 (66 hours*)	7,560.00.00 (45 hours*)
Books (estimate)	3335.00	3225.00
ATI Testing and NCLEX Review Fees	2710.00	1,626.00
Accident Insurance and Campus Fee	67.50	40.50
Liability Insurance	30.00	15.00
Preclinical Screening/Background Check	75.00	75.00
CastleBranch Document Tracking	30.00	30.00
Nurse Packs	320.00	320.00
NCLEX Application, Licensure, and Transactions	<u>303.50</u>	<u>288.50</u>
Subtotal	17,959.00	13,180.00
Optional:		
Cap and Gown for Graduation	40.00	40.00
Composite Pictures	40.00	40.00
Nursing Pin and Lamp	100.00	100.00
Temporary Permit	50.00	50.00
Student Nurses' Association Dues	<u>40.00</u>	<u>0.00</u>
Subtotal	270.00	230.00
<u>Total Approximate Cost for SSCC Nursing Program</u>	<u>\$18,729.00</u>	<u>\$13,910.00</u>

*Additional hours are required if the student must take BIO 103 or NUR 209. Tuition/fees are due the day of registration. If a portion of the registration expenses is to be paid by some type of financial aid or by a sponsoring agency, then it is the responsibility of the student to provide written evidence of such arrangements to the cashier's office at or before registration.

*BIO 103 is a prerequisite to BIO 201.

**Required for students who want to bridge into the ADN-RN track from other health programs (i.e., paramedic to RN and LPN to RN). After completion of the NUR 209 course, fifteen (15) nontraditional hours of credit will be awarded and placed on the student's transcript. Total credits awarded after completion of the course will be twenty-five (25) credits. LPNs completing the ACCS Standardized Concept Based Curriculum can return for RN completion within one year but must meet the current admission criteria to the program. The course is offered in the fall semester prior to starting the Health Transition Program.

***Students may choose from art, art history, foreign language, literature, music, music history, philosophy, ethics, religion, theater, and dance.

Note: The nursing curriculum may change to meet the requirements of institutional, state, or national approval/accrediting agencies.

August 2023
