<sup>1</sup> For the initial report and each report thereafter, institutions should use data suppression or other statistical methodologies to protect the personally identifiable information from student education records consistent with the Family Educational Rights and Privacy Act (20 U.S.C. 1232g; 34 CFR part 99) and any applicable state laws. For this report when the total number of students who received HEERF emergency financial aid grants as undergraduates, graduates, or in total is less than 10, but not 0, then the institution should display the total number of students as less than 10 (“<10”) on the publicly available websites controlled by the institution. Additionally, IHEs should use complementary suppression to protect values that could be inferred otherwise. For example, if the total student count is equal to 25, the undergraduate amount is equal to 20, and the graduate amount equal to 5, IHEs should report both the undergraduate and graduate amount as ‘-’. The total student count can remain displayed as is.

<sup>2</sup> For students in both undergraduate and graduate categories, classify as a graduate student.

3) Institutional expenditures

a) Has your institution designated HEERF program funds for a specific purpose or budget objective in future quarters (for example, operation and maintenance of plant, academic programs, residential programs, future institutional aid)? Yes

i) If no, are HEERF program funds being held in the institution’s general fund for use as needed? No

1.1. If no HEERF program funds are being held in the institution’s general fund, explain your institution’s approach (1,000 characters maximum):

## Form Instructions

**Completing the Form:** On each form, fill out the institution of higher education (IHE or institution) name, the date of the report, the appropriate quarter the report covers (3/31/22, 6/30/22, 9/30/22, 12/31/22), the 11-digit PR/Award Number (number is found in Box 2 of your Grant Award Notification (GAN)) for each HEERF grant funding stream as applicable, the total amount of funds awarded by the Department (including reserve funds if awarded), and check the box if the report is a “final report.” Institutions that expended HEERF grant funds during the calendar quarter from January 1 – March 30, 2021 are required to post the quarterly report that involved the expenditure of HEERF II CRRSAA and HEERF I CARES Act funds. The Department did not previously affirmatively indicate this reporting requirement was in place for HEERF II CRRSAA funds. As such, institutions may have until the end of the second calendar quarter, June 30, 2021, to post these retroactive reports if they have not already done so.

In the charts, an institution must specify the amount of expended HEERF I, II, and III funds for each funding category: (a)(1) Institutional Portion; (a)(2), and (a)(3), if applicable. (a)(2) funds include Assistance Listing Numbers (ALNs) 84.425J (Historically Black Colleges and Universities (HBCUs)), 84.425K (Tribally Controlled Colleges and Universities (TCCUs)), 84.425L (Minority Serving Institutions (MSIs)), 84.425M (Strengthening Institutions Program (SIP)); (a)(3) funds are for ALN 84.425N (Fund for the Improvement of Postsecondary Education (FIPSE) Formula Grant) and 84.425S (SAIHE). Each category is deliberately broad and may not capture specific grant program requirements. Explanatory footnotes help clarify certain reporting categories. Provide brief explanatory notes for how funds were expended, including the title and brief description of each project or activity in which funds were expended. Do not include personally identifiable information (PII). Round expenditures to the nearest dollar. If there is no expenditure to report for a given cell, fill it with a “0.” Please refrain from using any symbols throughout the form, including but not limited to “~.”

**Posting the Form:** This form must be conspicuously posted on the institution’s primary website on the same page the reports of the IHE’s activities as to the emergency financial aid grants to students made with funds from the IHE’s allocation under (a)(1) of the CARES Act, CRRSAA, and ARP (Student Aid Portion) are posted. It must be posted as a digital PDF. No handwritten or scanned PDFs are allowed. Please refrain from adding additional material to the uploaded form. The PDF must be named in the following manner: [8- digit OPEID]\_[Survey Name]\_[Quarter/Year]\_[Date of Release]. For example, 01177600\_HEERF\_Q32021\_101021. The 8-digit OPEID can be found at the [DAPIP website](#) or the [NCES website](#). In the event a DUNS number applies to multiple OPEIDs, use the OPEID for the campus with the highest enrollment. The quarter pertains to the calendar year, following the same cadence the reporting periods follows. The date of release should be reported as the deadline for form submission, 10 days after the end of each reporting period. A new separate form must be posted covering each quarterly reporting period (September 30, December 31, March 31, June 30), concluding after either (1) posting the quarterly report ending September 30, 2023 or (2) when an institution has expended and liquidated all (a)(1) Institutional Portion, (a)(2), and (a)(3) funds and checks the “final report” box. IHEs must post this quarterly report form no later than 10 days after the end of each calendar quarter (October 10, January 10, April 10, July 10). Each quarterly report must be separately maintained in a PDF document linked directly from the IHE’s HEERF reporting webpage. Reports must be maintained for at least three years after the submission of the final report per 2 CFR § 200.333. Any changes or updates after initial posting must be conspicuously noted after initial posting and the date of the change must be noted in the “Date of Report” line.

needed, and completing and reviewing the collection of information. Under the PRA, participants are required to respond to this collection to obtain or retain benefit. If you have any comments concerning the accuracy of the time estimate or suggestions for improving this individual collection, or if you have comments or concerns regarding the status of your individual form, application, or survey, please contact [HEERFreporting@ed.gov](mailto:HEERFreporting@ed.gov), U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202.

#### Construction, renovation, and real property

Renovations to Building 100 - CA Fredd Campus. The main objectives of this project are to improve air quality, sanitization, decontamination, and social distancing, as well as provide support for the College's distance learning classes. The College will install a new HVAC chiller to assist in airflow and efficiency in moving air throughout the building. With this project, the College will improve building ductwork to transfer clean and sanitized air throughout the building. The College also intends to install non-porous fixtures in the building to assist in decontamination and modular furniture with non-porous surfaces that are easily cleanable.

Controls Upgrade - Enhanced Ability to Maintain a Sanitized Instructional Environment. The control upgrades are essential to the proper, safe, and efficient operation of the upgraded water pumps and water systems. In order to efficiently provide adequate water temperatures, the College is upgrading water pumps and other systems that properly supply and dispose of water in an efficient manner that prevents the spread of bacteria and diseases. The control upgrades will allow the College to remotely control water temperature as needed and improve sanitation practices across the College.

Martin Mechanical - Improve Indoor Air Quality. The College seeks to combat COVID-19 by improving indoor air quality (IAQ). This will be achieved through the installation of new heating, ventilation, and air conditioning (HVAC) systems. Increased fresh air volumes and better control of the interior environment are practices that have been found to mitigate the spread of COVID-19. By installing these new systems, the College will be able to efficiently improve air quality and control building temperatures to disinfect air and prevent the spread of bacteria diseases.

The Campus-wide security system will integrate the following systems: video surveillance, access control, identification management, elevated body temperature screening, and multi-carrier cellular distribution. The College will reduce the spread of bacteria and COVID-19 by reducing the number of physical patrols, integrating touchless systems, monitoring students on campus, and assisting with overall security and emergency responses that may be needed.

**Purchasing, leasing, or renting additional instructional equipment and supplies (such as laboratory equipment or computers) to reduce the number of students sharing equipment or supplies during a single class period and to provide time for disinfection between uses.**

Ten (10) remote learning presentation systems for classrooms to include cameras, microphones, and interactive displays. These systems will allow the College to offer more distance learning opportunities to students by creating "zoom rooms" for student learning and collaboration and allowing students to interact with instructors and other class members from anywhere with a PC and Internet connection. The technology will also allow instructors to record and publish lessons for students to view as needed. This will assist with improving student education outcomes due to the student's ability to review past classes and lessons in preparation for examinations and classwork.

**Implementation of evidence-based practices**

The purchase of furniture in finishes that are antimicrobial, bleach-cleanable, and can be disinfected through one easy process using bleach and/or alcohol. The furniture to be installed will create a larger classroom for distance technology and provide additional room for social distancing.

**Other uses of (a)(1) Institutional Portion funds**

Funds were used to develop and expand pathways to student success after high school by investing in efforts through the expansion access to dual enrollment opportunities.

The funds were used to acquire and install new strength and cardio circuit equipment for student, community, and employee use in the College's Wellness/Fitness Center. The equipment purchased is available to the College community to assist those recovering from COVID-19 and to educate others on the use and benefits of strength training in preventing COVID-19.

The College has vehicles used by employees and students when traveling off campus. Due to the limited availability and the age of the vehicles, it is necessary to expand the current fleet. Due to limited availability and dependability, employees and students are required to fill vehicles to capacity, thereby increasing the spread of COVID-19 and other illnesses. The expansion of the College's fleet, will provide additional space to accommodate smaller groups of travelers in an effort to reduce the spread of COVID-19 and other bacteria.

The College purchased additional trucks for its CDL program. This purchase will allow students to social distance during class. In addition to remedying a shortage of CDL holders compared to the demand for CDL drivers as a means of helping the economy rebound from COVID-19, this equipment will allow the College to return to the same levels of training prior to COVID-19.
