

The Economic Value of Shelton State Community College

Shelton State Community College (SSCC) creates a significant positive impact on the business community and generates a return on investment to its major stakeholder groups—students, taxpayers, and society. Using a two-pronged approach that involves an economic impact analysis and an investment analysis, this study calculates the benefits received by each of these groups. Results of the analysis reflect fiscal year (FY) 2023-24.

Economic impact analysis

In FY 2023-24, SSCC added **\$309.7 million** in income to the SSCC Service Area* economy, a value approximately equal to **2.1%** of the region's total gross regional product (GRP). Expressed in terms of jobs, SSCC's impact supported **4,944 jobs**. For perspective, the activities of SSCC and its students support **one out of every 30 jobs** in the SSCC Service Area.

The SSCC Service Area, Alabama

* For the purposes of this analysis, the SSCC Service Area is comprised of Bibb and Tuscaloosa Counties.

Operations spending impact

- SSCC employed 577 full-time and part-time faculty and staff. Payroll amounted to \$31.3 million, much of which was spent in the region for groceries, mortgage and rent payments, dining out, and other household expenses. The college spent another \$18.3 million on its expenses related to facilities, supplies, and professional services (excluding construction).
- The net impact of the college's operations spending added **\$40.6 million** in income to the regional economy in FY 2023-24.

Construction spending impact

- SSCC invests in capital projects each year to maintain its facilities, create additional capacities, and meet its growing educational demands, generating a short-term infusion of spending and jobs in the regional economy.
- The net impact of SSCC's construction spending in FY 2023-24 was **\$3.1 million** in added income for the SSCC Service Area.

Student spending impact

- Around 13% of students attending SSCC originated from outside the region. Some of these students relocated to the SSCC Service Area. In addition, some in-region students, referred to as retained students, would have left the SSCC Service Area for other educational opportunities if not for SSCC. These relocated and retained students spent money on groceries, mortgage and rent payments, and other living expenses at regional businesses.
- The expenditures of relocated and retained students in FY 2023-24 added **\$9.1 million** in income to the SSCC Service Area economy.

Alumni impact

- Over the years, students have studied at SSCC and entered or re-entered the workforce with newly acquired knowledge and skills. Today, thousands of these former students are employed in the SSCC Service Area.
- The net impact of SSCC's former students currently employed in the regional workforce amounted to **\$256.9 million** in added income in FY 2023-24.

Impacts created by SSCC in FY 2023-24

Investment analysis

Student perspective

- SSCC's FY 2023-24 students paid a present value of **\$19.3 million** to cover the cost of tuition, fees, and supplies. They also forwent a value of **\$16.8 million** in time and money had they been working instead of attending college.
- In return for their investment, students will receive a cumulative present value of **\$148.1 million** in increased earnings over their working lives. This translates to a return of **\$4.10** in higher future earnings for every dollar students invest in their education. Students' average annual rate of return is **17.4%**.

Taxpayer perspective

- Taxpayers provided SSCC with **\$32.1 million** of funding in FY 2023-24. In return, they will benefit from added tax revenue, stemming from students' higher lifetime earnings and increased business output, amounting to **\$45.1 million**. A reduced demand for government-funded services in Alabama will add another **\$4.5 million** in benefits to taxpayers.
- Total taxpayer benefits amount to **\$49.6 million**, the present value sum of the added tax revenue and public sector savings. For every dollar of public money invested in SSCC, taxpayers will receive **\$1.50** in return over the course of students' working lives. The average annual rate of return for taxpayers is **3.4%**.

Social perspective

- In FY 2023-24, Alabama invested **\$85.9 million** to support SSCC. In turn, the Alabama economy will grow by **\$537.2 million**, over the course of students' working lives. Society will also benefit from **\$17.2 million** of public and private sector savings.
- For every dollar invested in SSCC in FY 2023-24, people in Alabama will receive **\$6.50** in return, for as long as SSCC's FY 2023-24 students remain active in the state workforce.
